JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 10th October 1890.

READ—

Correspondence ending with letter from the Offg. Chief Judge of Mysore, No 4445—138, dated 29th September 1890.

No. 8349-60—CIR. 166, DATED 10TH OCTOBER 1890.

ORDER THEREON.—The papers above read relate to a system of reporting the judgments of the Chief Court of Mysore.

2. There is at present no authorized legal Reporter who is bound to consult the Judges regarding the selection of judgments for publication. The Volumes of Reports which have been published by Mr. Hayes and purchased from him by Government contain judgments which discuss pure questions of fact, and which need not have been reported at all, and judgments which discuss questions of law and fact, which need not have been reported in full. On the other hand, if a careful selection had been made of judgments worth reporting, the number should have been very few and the cost trifling. In these circumstances, the Chief Court recommend that the judgments to be reported in future should be selected by themselves and printed and issued from the Government Press from time to time. Some of the advantages claimed for this arrangement are that the lower Courts need not wait a whole year for the Reports as they are now compelled to do, the number of copies to be printed can be regulated according to the nature of the judgments and the class of persons and tribunals to whom they may be of use or interest, and copies may be made available to the public at a price sufficient to cover only the cost of paper and printing. A selection of judgments from July last was made, and the cost of printing them at the Government Press roughly estimated and compared with the price of the Volumes of Reports which have been published by Mr. Hayes. The result is stated by the Offg. Chief Judge to be very favorable.

3. Under these circumstances, His Highness the Maharaja's Government approve of the proposal made for the printing of selected judgments at the Government Press, with effect from 1st January 1891. This supersedes the existing arrangements under which the Government takes 100 copies of Mr. Hayes' publication. Mr. Hayes will be informed of this accordingly at once, unless he has already been informed on the letter from the Chief Secretary to the Registrar of the Chief Court No. 6608—161, dated 4th ultimo.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th October 1890.

OFFICIAL MEMORANDUM.

No. 8229-37—Cir. 165, dated 8th October 1890.

Annexed is a statement showing the values of minerals produced in 1889, in the different Districts of the Province of Mysore, and compiled from returns received from the respective Deputy Commissioners in response to the Circular No. 266-73—4, dated 17th April last, issued from the Dewan's Office.

2. It will be observed from the columns showing the rates deduced from the gross quantities and values, that the value differs so widely in the different Districts as to suggest inaccuracy in the returns, or want of uniformity in their preparation.

3. The attention of Deputy Commissioners of Districts is drawn to this fact; and they are requested to carefully examine their returns, and to report the data on which their respective returns were based. Where necessary, amended returns should be submitted as soon as possible to supersede those already submitted, and on which the annexed statement is based.

4. Deputy Commissioners are reminded that the values to be entered in the return should represent the average values at the place of production, *i. e.*, the value which a purchaser will have to pay to the producer at the place of production for buying the quantity produced.

By Order,

T. ANANDA ROW,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 9th October 1890.

READ THE FOLLOWING CORRESPONDENCE .—

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Government of Mysore, No. 180, dated 19th May 1890.

Has the honor to submit for information and orders correspondence ending with 2nd General Assistant Commissioner's Yadi No. 103, dated 3rd instant, regarding certain concessions prayed for by the Inamdars of Gaudanahalli in the Yedatore Taluk. The Inamdar agrees to give his land free of cost for the channel but asks for a reduction of one rupee per acre (3 instead of 4) in the water-rate for his lands which will be irrigated by the extension of the Mirle Hiri Channel.

Early orders are solicited on the subject.

From the Chief Secretary to the Government of Mysore, To the Deputy Commissioner, Mysore District, No. 1487—101, dated 25th May 1890.

Your Docket No. 180, dated 19th instant, was duly submitted to the Dewan and I am directed to convey in reply the following observations.

2. The Dewan has noticed with satisfaction the steady and sustained attention which the Amildar Tirumalachari of Yedatore Taluk has been paying to the important subject of contributions towards the cost of extensions of river channels in the Taluk.

3. In the individual case which has formed the subject of your reference, I am to state that land required for channel excavation and water-rate on dry crop land converted into wet with the use of Government water are two things which have no necessary connection with each other. They are separate matters requiring separate disposal.

4. It has always been the "mamul" for Inamdars and occupants of Sarkar land to make over free of cost any land actually taken up for a new channel and it is reasonable to infer that the enormous benefit accruing to them from a new channel is regarded by them as ample consideration not only for contribution and water-rate but also surrender of the land required for the channel. It would thus be most undesirable that the question of compensation for land taken up should be allowed to be raised in this particular case. If it is now raised, a raising of it in all other cases cannot be avoided. The Dewan therefore requests that you will study the entire question as a general one applicable to all cases of new channels throughout the Mysore District, and then, if you find it necessary or reasonable, submit definite proposals for general application. If necessary, the most obvious course would be to include compensation for land required in the Public Works Department estimate, but it is doubtful whether such action at all is required. At any rate it should not be adopted unless it is really called for in the very great majority of cases.

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Government of Mysore, No. 554, dated 31st July 1890.

With reference to your letter No. 1487—101, dated 25th May 1890, conveying certain observations made by the Dewan on the concession prayed for by the Inamdar of Gaudanahalli in the Yedatore Taluk, I have the honor to submit herewith, in original, for perusal and return with orders, Yedatore Taluk Amildar's re-

port, &c, received with the 2nd General Assistant Commissioner's Yadi with a Mutchalika executed by the Inamdar binding himself to do as follows —

1stly. That he will convert the dry into wet lands coming under the proposed extension of the Mirle Hosa Channel.

2ndly. That he will pay a contribution not exceeding 30 rupees which the Deputy Commissioner may fix, after inspecting the lands, considering his labor to bring them to an uniform level, &c.

3rdly. That he will pay the fixed contribution amount by the end of March of the year in which water let into the channel for cultivation, if it does not exceed Rs. 2,000, and if it exceeds Rs 2,000, he will pay the rest by the end of March of the succeeding year without arrears.

4thly. That he will pay the fixed water-rate for the lands that is to be converted into wet.

5thly That he will give up without claiming any compensation the lands of his Inam villages for the extension of the said channel.

6thly. That, in case of his failure to give the amount of contribution and water-rate at the prescribed time mentioned above, the Government may recover the same from him as a revenue demand.

CAMP No. 377, DATED 9TH OCTOBER 1890.

ORDER THEREON.—The Deputy Commissioner's report last read is satisfactory, and the terms of the Mutchalika finally executed by the Inamdar of Gaudanahalli village in the Yedatore Taluk are approved.

2. The Vernacular papers will be returned.

T ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, returning the Vernacular papers received with his No. 554, dated 31st July 1890, and No. 18, dated 19th May 1890.

READ—

Letter from the Deputy Commissioner, Bangalore District, dated 4th October 1890, No 494, reporting upon a petition from Sinappa and others, Shanbhogs of Chikkejjaji in Doddaballapur Taluk, complaining against the sale of their Service Inam lands for arrears of revenue due on the same.

No. 8554 61—CIR. 170, DATED 21ST OCTOBER 1890.

ORDER.—The Deputy Commissioner's attention is drawn to para 3 of Section XXXVI of the Rules framed under the Land Revenue Code, and he is informed that the sale of Service Inam for arrears of revenue is irregular and that it is therefore cancelled. The defaulters' other property should be proceeded against for the arrears due, the sale proceeds of the Inam being refunded to the purchaser.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 10th October 1890.

READ —

Correspondence ending with letter No. 1918—445, dated 26th September 1890, from the Deputy Commissioner of Kolar.

No. 8361-8—CIR. 167, DATED BANGALORE, 10TH OCTOBER 1890.

ORDER THEREON.—Two Notifications of sanction for the same leave to Mr. C. Raghavacharlu, Police Superintendent of Kolar, were issued by mistake from the Dewan's Office, one on a report from the Inspector General of Police and the other on a report received direct from the Deputy Commissioner.

2. The mistake has been rectified by directing that the leave sanctioned in the second Notification may be reckoned as in addition to and in continuation of that sanctioned in the first Notification.

3. The explanation given by the Deputy Commissioner of Kolar in his letter above read for having addressed two communications on the same subject, one to the Inspector General of Police and the other direct to the Chief Secretary, is recorded with the remarks 1st that the Deputy Commissioner's letter to the Chief Secretary No. 1132—254, dated 22nd July last, is not free from ambiguity and 2nd that the circumstances did not justify the Deputy Commissioner anticipating the orders of Government and allowing his Police Superintendent to quit his post on leave not supported by medical certificate or other testimony pointing to its urgent and immediate need.

4. The Deputy Commissioner is informed that letters and communications of any length or importance to Government should be engrossed not on docket forms but on foolscap paper with the usual margin and covered by the prescribed docket and abstract.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kolar District.
Other Deputy Commissioners for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 21st October 1890.

READ:—

2. Do dated 17th August 1882, No. 3728-36—92.

3. Do dated 21st December 1889, No. 7266-73—167.

4. Docket from the Deputy Commissioner, Bangalore District, dated 9th March 1890, No. 848.

5. Letter from do do Kolar District, dated 14th August 1890, No 1382-310.

6. Docket from do do Tumkur District, dated 8th July 1890, No. 161

7. Letter from do do Mysore District, dated 18th February 1890, No. 974.

8. Letter from do do Hassan District, dated 28th February, No 593.

9. Letter from do do Shimoga District, dated 10th February, No. 679-629.

10. Letter from do do Kadur District, dated 19th June 1890, No. 131.

11. Letter from do do Chitaldroog District, dated 2nd February 1890, No. 434-399.

No. 8789-96—173, DATED BANGALORE, 21ST OCTOBER 1890.

ORDER THEREON.—It having been brought to the notice of Government that a Pound-keeper was dismissed for having failed to repair the pound at his private cost, the Deputy Commissioners of the several Districts were called upon to report in what manner Cattle Pounds in their Districts are generally repaired. The dockets and letters recorded above are in reply.

2. The Deputy Commissioners state that the pounds in Municipalities are maintained from Municipal funds and that those in Villages are generally kept up by the Pound-keepers themselves or the villagers under Government Orders, dated 1st February 1882.

3. There is no objection to Patels in charge of Cattle Pounds in Villages being called upon to do the needful repairs to the pounds in their charge, but they should receive payment for the same from the fines collected and the sale proceeds of unclaimed cattle. The Government note that in their Order quoted above, it is distinctly stated that Patels doing repairs should be paid for, but this does not seem to have been done in any District except Shimoga.

				Poramboke lands, disturbed his possession in that year. The Shekdar to whom the Petition was referred, reported that the Petitioner's statement was correct and forwarded a Mahazar to the effect that Petitioner had all along the enjoyment of the trees. Petitioner produced a deed of sale, dated 15th February 1867, which showed that one of the trees in dispute was the joint property of the seller (who was a sharer in the garden) and the Petitioner. The Deputy Commissioner refused to recognize the claim of the Petitioner, because (1) it was not proved that the trees once formed part of Petitioner's garden, and (2) that even assuming the trees did form part of the garden, they were separated from it when the bund was constructed by Government long ago. *Decision.*—Government considered that the Deputy Commissioner's order was not correct. If the trees formed part of Petitioner's garden, the mere fact of their exclusion from it, does not affect his right as it is clearly proved that they were in Petitioner's enjoyment till 1887—88. The trees were admittedly close to his garden, one of them is specifically mentioned in a sale deed so old as 1867, and it is not denied that the produce of the trees has been enjoyed by him till 1887—88. Under these circumstances, Government directed that the trees in question be in future regarded as the property of the Petitioner and excluded from Government contract. As regards the proceeds of the trees appropriated by the contractor in past years, the contractor cannot be called upon to refund the value to the Petitioner as he took the produce with the permission of the Deputy Commissioner and the Government note that Petitioner himself does not claim it.
8	8294—290.	8th	The Deputy Commissioner of the Tumkur District.	**Appeal No. 1765 of 16th November 1889.** *Appellant.* *Vs.* *Respondent.* Timmegauda of Bajagur, Tiptur Taluk, Tumkur District. — Tirumala. This is an appeal against the order of the Deputy Commissioner, Tumkur District, dated

Proceedings.			Subject and Order.
No.	Date.	To whom sent.	
			19th July 1889, confirming the appointment of the Respondent as Patel made by the Taluk Amildar. In 1880, on the death of the Respondent's father Chikka Timmegauda, the registered Patel of the village Bajagur, the Deputy Commissioner appointed the brother of the Appellant as Patel in 1880 on the ground that although the registry nominally stood in the name of the Respondent's father, yet the duties were actually performed by the Appellant's father. The Appellant's brother died in 1886, and the Respondent was appointed in his place by the Amildar in 1887, and the appointment was confirmed by the Deputy Commissioner in 1889. The present appeal is against this appointment. Appellant admits that the Respondent is a member of the family and is entitled to half share in the hak, and also that he (Appellant) cannot read and write, while the Respondent can; but contends that the appointment should be given to him as the duties were always performed by his late brother and father, and as he is a nearer heir to the last deceased holder than the Respondent. Held that the contention of the Appellant was inadmissible, Respondent has as much right to the office as the Appellant, and as the Appellant's family had the office for some years, it is only fair that the Respondent should now have the appointment. Moreover the Respondent is able to read and write while the Appellant is illeterate. The Deputy Commissioner's order was confirmed, and the appeal rejected. Appellant's claim will be considered when a vacancy occurs.
8300—493.	8th	The Deputy Commissioner of the Mysore District.	Appeal No. 1151 of 17th August 1890. *Appellant* .. Narayanaiengar. Petitioner purchased an unenfranchised Inam village in a sale held in execution of a Civil Decree. The Government directed that, as the Inam was unenfranchised, Petitioner could only be allowed to enfranchise it on payment of ½ quit-

				rent chargeable thereon from the date of the original settlement, or of ¼ assessment from the date of purchase. Petitioner contended that he was not liable to pay the arrears or the enhanced rate of quit-rent, because the sale under the Civil Decree took place at the instance of the trustees of Mari Mallappa's charities who were appointed by Government. He further argued that as Government took no objection to the sale, there was a relinquishment of their reversionary right. Held that this argument was untenable. The Government had no cognizance of the sale, and the mere fact that the decree in execution of which the Inam was sold, vested in the trustees according to the will of donors, in pursuance of an order of Government did not deprive Government of their reversionary right in the Inam. Besides the quit-rent or the assessment due to Government, the property had a value, which Petitioner purchased and he knew fully well that the Inam was unenfranchised. Under these circumstances, the Government considered the application for reduction of quit-rent or the remission of arrears inadmissible. Petitioner was however allowed to pay the arrears of quit-rent by instalments in the current year.
5	8448—335.	14th	The Deputy Commissioner of the Kolar District.	Appeal No. 2396 of 5th February 1890. *Appellant* . Venkatakrishnaiya of Bowringpet, Kolar District. Petitioner had a Kodigi Inam, which was resumed by Government on 2nd July 1872, as the Inamdar failed to keep the tank in repair. Petitioner requests that the Inam may be enfranchised under the rules. *Decision.*—Government declined to interfere as the land was resumed so long ago as 1872.
6	8450—297.	Do	The Deputy Commissioner of the Tumkur District.	Appeal No. 1886 of 1st December 1889. *Appellant.* *Vs.* *Respondent.* Hayat Sabi of Kyatsandra, Tumkur Taluk. Sheshanna. Appellant's land, No. 144, measuring 2 acres and 27 guntas and assessed at Rs. 19 was

				sold for arrears of revenue on 6th August 1888, and Respondent purchased it for Rs. 20. The sale was confirmed on 1st December 1888. Appellant complained against the sale on 15th January 1889. The Deputy Commissioner stated that an accurate description of the property was not given in the sale of Notification, and that the auction did not take place in the village mentioned in the sale Proclamation but in another village, in consequence of which the land did not fetch its proper price. The case was fixed for hearing on 2nd October 1890, but both the parties failed to attend. The Government, agreeing with the Deputy Commissioner, considered that the sale was irregular and accordingly cancelled it, and directed that the sale proceeds be refunded to the Respondent and the Appellant be proceeded against afresh for the arrears due.
6	8451—504.	14th	The Deputy Commissioner of the Mysore District.	Appeal No. 714, dated 29th June 1888. *Appellant.* *Vs.* *Respondent.* Hanumegauda of Kengal Koppal, Seringapatam Taluk, Mysore District. — Nurulla Sha, Makkandar. Respondent holds an Inam granted for the maintenance of a Makkan, which his predecessor mortgaged to the Appellant. The mortgage is established by a Decree of the Civil Court. The mortgagee is, under the Decree, liable to pay the mortgagor 3 khandis of paddy annually after deducting the interest of the capital from his gutta. The Deputy Commissioner placed the Inam under zapt, on the ground that the Inam which was a Devadayam grant had been alienated. The question raised is whether the Inam should be resumed for Government or regranted to the Makkandar. At the hearing the parties agreed to settle the matter amicably. The Appellant agreed to give and the Respondent to take 6 khandis of produce annually for the Makkan for 6 years, and thenceforward 9 khandis of produce annually as the rent of the land, on the understanding that there should be no liability in future on the part of the Respondent to pay the mortgage money, and that

				the Appellant should not be required to give up the land so long as he continues to pay the rent. Under these circumstances, and taking into consideration the fact that the Makkan is maintained in good condition, Government considered that the Inam need not be resumed. It was accordingly ordered that the Appellant should be restored to the possession of the land.
7	8453—506.	14th	The Deputy Commissioner of the Mysore District.	Appeal No. 2640 of 1st March 1890. *Appellant* .. Patta Devaru of Somahalli Village, Gundlupet Taluk, Mysore District. Petitioner applied for certain land in the village of Sigavadi, which was granted to him. A portion of it was subsequently included in the village of Somanahalli, but Petitioner's possession has not been disturbed. A fine which had been imposed on Petitioner for having cultivated the land was also remitted by the Deputy Commissioner. Petitioner contends that the whole land belongs to Sigavadi, and that the inclusion of a portion of it in Somanahalli is improper. Held that it is of little consequence to the Petitioner in the accounts of which village the land is entered. His possession has not been disturbed and he has no ground for complaint. Appeal rejected.
8	8457—243.	Do	The Deputy Commissioner of the Hassan District.	Appeal No. 2182 of 4th January 1890. *Appellant.* *Vs.* *Respondent.* Timmappaiya of Haranhalli, Arsikere Taluk, Hassan District. — Marisiddaiya. This is an appeal against the order of the Deputy Commissioner, Hassan District, dated 7th December 1880. Appellant and his cousin Venkatadasappa were the original hakdars of the office of Patel. In 1860 Venkatadasappa was appointed to do duties. In 1880, on a report from the Amildar

				that Venkatadasappa was old and unfit for work, the then Deputy Commissioner appointed the Respondent, a stranger, as a second Patel. Venkatadasappa being dead, his son Lakshminarayanappa and the Respondent are now the Joint Patels of the village. Appellant objects to the appointment of the Respondent as 2nd Patel. If a second Patel is required, he states that he and not the Respondent should have been appointed. *Decision.*—No doubt the request of the Petitioner is reasonable, but Respondent having been appointed so long ago as 1880, an appeal against that appointment cannot now be admitted. Petitioner's claim will be considered when a vacancy occurs.
9	8459—120.	14th	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 2255 of 7th January 1889. *Appellant.* *Vs.* *Respondent.* Dasan Kariya, &c., of Attighatta Village, Holalkere Taluk, Chitaldroog District. — Narsi, &c. Read letter from the Deputy Commissioner of Chitaldroog, dated 24th July 1886, No. 218—137. A piece of land noted in the margin situated in the village site was sold by the Deputy Amildar in an auction in April 1885, when Respondents purchased it for Rs. 4. The Appellants who are also the residents of the same village, complained that the sale was effected without their knowledge, upon which the Sub-Division Officer took a statement from the Respondents on 15th July 1885 in which they stated that the land they purchased included portions which the Appellants and Respondents used as chilli beds and that they were willing to have the patta issued in Respondents' names cancelled, and to give the Appellants the lands they formerly enjoyed. The Sub-Division Officer accordingly issued an order on the same date, *i. e.*, 15th July 1885 to put each raiyat in possession of the piece he enjoyed prior to the sale, and to issue a patta in his name. This order was reported to have been carried out,

				but the Appellants complained that they have not been put in possession of their lands, and it was found that the lands had not been divided according to that order. The Respondents allege, an allegation which the Government consider unworthy of credit, that they did not voluntarily make the statement before the Sub-Division Officer, agreeing to make over the lands to Appellants In the letter read above, the Deputy Commissioner stated that the sale should be cancelled and the land retained for the use of Government Considering the fact that the land had always been used by the villagers as their chill beds, the Government are not disposed to resume it as recommended by the Deputy Commissioner The sale of the land being irregular was cancelled, and the Deputy Commissioner was requested to refund the purchase money to the Respondents and to carry out the order, dated 15th July 1885, which was passed by the Sub Division Officer with the mutual consent of the parties shortly after the sale but was improperly left uncarried out so long.
10	8603—345.	21st	The Deputy Commissioner of the Bangalore District.	Appeal No 1240 of 26th August 1890. *Appellant.* *Vs.* *Respondent.* Subba Rao, son of Nanjappa of Timmasamudra, Closepet Taluk. — Subbaraya, son of Appaiya Shanmaiya. Appellant's father's brother, named Subbaiya who was Shanbhog of 5 villages, was found guilty of embezzlement and dismissed from office and Respondent who was a distant collateral was appointed in his place in 1872. The Appellant was then a minor, about 2 years old. On attaining his majority, Appellant claimed the office in 1888 and the Deputy Commissioner finally rejected his claim in May 1890. The appeal is against this order. The Petitioner was informed that the Respondent who was appointed Shanbhog so long ago as 1872, cannot be now turned out, and that the Petitioner's claim will be considered when a vacancy occurs.

11	8616—262.	21st	The Deputy Commissioner of the Hassan District,	Appeal No. 587 of 20th June 1889. *Petitioner and Appellant* .. Hanumegauda of Hasaganur, Hassan Taluk. This is an appeal against the order of the Deputy Commissioner of the Hassan District, No. 19, dated 23rd April 1889, refusing to enter the name of Appellant in the khate in the room of his deceased father. Petitioner's father Timmanayaka was a Joint Pattedar along with some others. On his death Petitioner claimed registry in his name, but that was refused under Section XX of the Survey Rules and para 3 of the Dewan's Memorandum, dated 11th August 1888. ORDER.—The Petition was forwarded to the Deputy Commissioner for reconsideration and disposal, with the remark that in the case of changes of names in Joint Pattas on account of decease, the procedure should be the same as that specified in Section XXV of the Revenue Rules. The name of the heir should be entered without specifying the extent enjoyed by him and the person so registered will stand in the same position as the deceased.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 22nd November 1890.

READ :—

Note by Colonel C. Bowen, R. E., Chief Engineer and Secretary to the Government of Mysore, Public Works Department.

BIRUR WATER SUPPLY.

There are two alternative projects. One provides for enlarging the Amrathayanakatte immediately above the town, and distributing water throughout the town by cast-iron pipes. The katte to be filled from the Birur-Davankere through an open channel.

The other is to supply the town direct from the Birur-Davankere by a cast-iron main. The water to be filtered before passing into the pipe.

Both projects therefore depend on the supply in the Birur-Davankere.

2. Inasmuch as the supply to the Amrathayanakatte would be through an open channel, passing through cultivated and highly manured fields for the whole of its length, and as the relative levels of the tank and the town would render filtration of the water difficult, I shall dismiss the first alternative project from consideration, unless it is absolutely, impossible to find funds for the second, the better one.

3. The first point to be considered in connection with this is the source of supply. The Birur-Davankere tank is being improved so as to hold 192 units of water (1 unit=10,000 c. yds), and this quantity at least it will certainly receive every year, as, besides having a good catchment basin of its own, it is partially fed from the Raya Kalve of the Madak Tank. That there will be water sufficient is indubitable.

But the tank has a large area below it assessed as wet land and irrigated in part. It is alleged that the tank is already insufficient to afford full irrigation to the whole area, and as once the town supply is undertaken, the tank must never be emptied, the area to be thrown out of cultivation has to be determined.

4. Executive Engineer's Report, para 9, and his letter No. 118 of 24 ultimo, in reply to my reference regarding the tank running dry in the hot months, bear on this main factor, the sufficiency of the tank, but unfortunately they are very indefinite and prove nothing. One thing is certain; when the town supply has been established, the tank must not be drawn on for irrigation when its level has fallen to 3 feet above the cill of sluice after the 1st December of any year. In other words, once the monsoons are over, the whole of the water between sluice level and the contour 3 feet above must be reserved for the town.

This arbitrary arrangement will of course lead to conflicts, appeals, demands for compensation, remission, &c., but the Municipality, with the aid of the Revenue authorities, must be prepared to enforce it, if they commit themselves to the scheme.

5. Supposing the above main point to be settled, I come to the other details, which comprise a filter bed below the tank, a service or distribution cistern into which the filtered water is discharged, and a main pipe to the town with branch pipes to the various streets.

These are calculated for a daily supply of 20 gallons a head to 8,000 people. The population at present is 4,000, and it seems to me extravagant to anticipate an increase of cent per cent, even allowing for the effect of the adjoining railway. It is not likely that the number of inhabitants of so dirty and unhealthy a town will double for the next quarter of a century, and, apart from the population, I see no reason why a supply of 10 gallons per head, which I have recommended for Chikmagalur, should not prove ample. If this be accepted, the dimensions and cost of works can be at once materially reduced.

6. *Filter Bed.*—The filter bed is to have an area of $50' \times 45' = 2,250$ sq. feet It is supposed to filter water through at a rate of 72 gallons per superficial foot Supposing it does this, the filter bed would deliver the quantity required for 8,000 people at 20 gallons a head. But 60 gallons would be the average rate of filtration. Sometimes it would doubtless be much less, so that the area is insufficient But on the other hand, if a population of only 6,000 and a daily supply of only 10 gallons be adopted, as I recommend, the filter bed might be much reduced. An area of but 1,000 sq. feet would be required, or the filter bed might be say 30 feet × 35 feet.

After passing down through the filtering materials, the water then is supposed to rise *upwards* into the service cistern through the syphon tubes shown on plan. I question this arrangement, for although there is head to force the water into service cistern, it appears to me the *rate of filtration* through the layers of filtering materials must be materially affected. Can we count then on a rate of filtration of 60 gallons per square foot of filtering materials? I doubt it.

I confess I am unable at present to pronounce definitely on this point, but as the arrangement has apparently been adopted to prevent loss of head, and as the depth of water in cistern can easily be reduced from 10 feet to 6 feet, I should say there will be no difficulty in arranging for delivery from the filter bed at floor level, as is ordinarily done. The service cistern would have to be sunk a little lower, the main pipe laid for first half mile or so a little deeper. My remarks regarding in-lets and out-lets for the water made on the Chikmagalur filter beds apply to this filter bed.

7. *Service Cistern*—is designed to hold 3 days' supply at the rate of supply above noted. Now to hold 2 days' supply will be quite enough, more especially if the filter bed be divided into 2 compartments by a central wall. And the contents may be based on my proposal for only 10 gallons a head for 6,000 people. Further I see no necessity whatever for roofing in the reservoir. It will be out in the open, below the tank bund far from the town, and there will be no liability to pollution. In fact, to roof in in such a case, would be quite an unnecessary extravagance. The heating of the water need not be considered. There is no necessity for cross-walls; so by my modifications the cost of filter bed and service cistern can probably be reduced from Rs. 30,740 as estimated to Rs. 15,000 only.

8. *Service Main.*—A main pipe from the service reservoir to near the town is provided, 13,200 feet long, 5" diameter and $\frac{3}{8}$" thick. This will answer. For the modified supply of 10 gallons a head for 6,000 people, a pipe 4" diameter would suffice with the given head, but as thickness not less than $\frac{3}{8}$" should be allowed and the reduction in diameter would not effect a large saving, I would, in view of contingencies, allow the 5" diameter pipe to stand. Whether this main is to be led through or round the Amrathayanakatte, or how exactly to the bifurcation of branch pipes is not stated.

9. *Distribution.*—Branch pipes 6" diameter are allowed for distribution which is apparently to be limited to the 3 chief thoroughfares. How this diameter of pipe has been arrived at I cannot say, so for the present I must pass the item unnoticed.

10. Supposing then the right to supply from the Birur-Davankere to be settled, the project for a supply of 10 gallons a head for 6,000 people would work out as follows:—

Filtering bed and service cistern	...	Rs.	15,000
Main and branch pipes with fittings, fountains, &c., complete.		„	29,060
			44,060

To this I would add Rs. 500 for an independent sluice from the Davankere tank, with pipe and valve complete. I would not have the same sluice for town-supply and for irrigation.

Some compensation will be necessary, if only for the pipe track, site for filter-bed, &c., say Rs. 500 and *large* compensation may be entailed for deprivation of the raiyats' right to full irrigation for their assessed lands.

11. Should the above proposal be found quite beyond the means of the Municipality, then they must fall back on the cheaper but less unobjectionable scheme for filling the Amrathayanakatte and delivering water therefrom direct to the town. In this case, I see no reason why the supply channel should not be so protected by low bunds on both banks all along, as to prevent, or at all events materially diminish, the chance of its being fouled from the manured fields it traverses. And the "katte" itself should be fenced off and access to it by the general public prohibited.

Accurate contours and sections should be taken to show exactly the work required to make it hold a 20 days' supply. This part of the project as it stands is indefinite and imperfect.

Although there is very little head available, it may be feasible to filter the water drawn off in some way, and as noted in para 10 above, the dimensions of pipes to the town have to be further investigated and verified.

The cost of this scheme would, with the modifications to channel and tank I have noted above, and with a filter bed, probably be Rs. 15,000, supposing Executive Engineer's estimate and details for the pipes, fountains, &c., to be quite correct.

12. In conclusion, I would draw the special attention of Government to the dreadful state of things in Birur described by Executive Engineer in para 21 of his Report. The Municipality are crying out for a pure water-supply, yet they tolerate in their midst, without any attempt to remedy, what probably is more productive of disease than even the scanty and impure drinking water reservoirs they complain of.

No. 9610-11—266-L. 61, DATED 22ND NOVEMBER 1890.

ORDER THEREON.—Forwarded to the Deputy Commissioner and President of the Municipality for his remarks.

2. The Government consider that, under the circumstances stated, the first alternative project is the one that should be carried out. A provision of 10 gallons a head is ample, and the cost of the estimate may be taken at Rs. 45,000, in round numbers.

3. The raiyats are not entitled to any compensation for deprivation of water to their assessed lands, but before sanctioning the estimate, the Government wish to know the probable amount of revenue the Government will lose by the curtailment of the irrigated area.

4. The Deputy Commissioner states that Rs. 5,000 can be spared from the Municipal Funds, and Rs. 2,000 have been subscribed by the people towards the cost of the work. He is requested to report whether, in the event of the Government granting a loan of Rs. 38,000, the Municipality is willing to undertake its repayment by annual instalments of Rs. 1,000 with interest at 4 per cent per annum.

5. The attention of the Deputy Commissioner is drawn to the last para of the Note read above.

HEAD—

Note by Colonel C. Bowen, R. E., Chief Engineer of Mysore, dated Bangalore, 25th September 1890.

CHIKMAGALUR WATER SUPPLY.

The project is based on a supply of 20 gallons per head per diem to a population of 15,000. Now 6¼ gallons per head is the supply given to Mysore Town, and I should say the supply to Chikmagalur may very well be limited to 10 gallons a head. Further, the population of Chikmagalur is 10,000 all told. To provide for an anticipated increase of 50 per cent in a town like this, seems to me extravagant. To anticipate an increase of 25 per cent ought to be quite sufficient. But the approaching Census will enable us to form a more definite opinion as to the number of people to be provided for.

I make these remarks at the outset, as the rate of supply and the population to be provided for will materially affect the sufficiency of the project and its cost.

2. *Supply.*—The supply is to be drawn from the stream described in para 5 of Mr. Inman's report. This stream is stated to run full during 6 months of the year and will afford during that period sufficient for the town, whilst an impounding reservoir will store up sufficient for the remaining 6 months. The stream has never been gauged, but from the character of the country it taps, I have no doubt the supply will prove ample. One thing the Municipality must make clear that they will have an indefeasible right to the supply which now is partially utilized for rice cultivation along the banks of the nala. There must be no interference with the flow of the stream or the water impounded for the 6 dry months of the year.

It is stated broadly that the impounding reservoir will store sufficient for a six months supply at rate alluded to above, but no accurate data are given for this. The amount to be stored would be approximately 320,000 cubic yards, or 32 of our irrigation "Units," whereas judging from the small scale survey and imperfect sections given, the tank designed will hold but 20 units. And to the 32 units above allowance has to be added for evaporation. The tank is therefore much too small for the proposed supply. It is stated in the Report that the tank can be increased at any time to any extent. This is true, but the project should certainly provide in full at once for all requirements.

But if my suggestion above—that supply be based on a population of 12,500 only and 10 gallons per head per diem—the tank as designed will prove sufficient. If, however, the Municipality insist on 20 gallons per head, then the estimate for the tank, Rs. 11,556 will be insufficient. So much depends on this factor, it is a pity that accurate sections or contours were not taken, to calculate exactly the contents of the tank.

3. *Channel.*—The channel as designed will meet requirements, but as it will have to be very neatly and accurately aligned and cut, and slopes trimmed, I would add 3 pie to the rate allowed, making the estimate for this sub-head Rs. 4,740. To cover it in where it passes between the villages of Huliyarhalli and Avinhalli would be unduly expensive, but this section ought to be fenced off with good aloe hedges on each side.

The 2 small tanks on the line of channel should also be fenced off and watering cattle in them prohibited, or as there is sufficient fall the channel might be taken around and above them, though this will materially increase the cost. A small weir will be required before the filter beds are reached, to prevent overcharging.

4. *Filter beds.*—As the project proposes to give 20 gallons per head for 15,000 and as the rate of filtration through the beds should be on an average 60 gallons in

24 hours, the filter beds designed are not half large enough. But if as I propose the rate of supply to town be reduced to 10 gallons a head, then the filter beds will probably suffice.

Instead of passing the water from the channel into each cistern through the opening shown on plan, I would prefer an arrangement of several small openings so that the water might be delivered smoothly and evenly over as much as possible of the filtering surface. And I think an arrangement of perforated cross drains at the bottom, delivering into a central channel, would be better than the outlets into service cistern as designed, as these would probably lead to undue disturbance of the filtering materials. Such modifications would cost but little. The lower part of the well between the filter beds and the distribution reservoir is not in my opinion thick enough.

5. *Distribution Reservoir.*—This has apparently been designed to hold one day's supply, but for a service of 20 gallons per head is not large enough. For the modified supply of 10 gallons, I have suggested it will be large enough.

6. *Pipe Main.*—A pipe of 8″, $\frac{7}{16}$″ thick, is provided from the distribution reservoir to the town, and all along the main street only. To be furnished at all crossings with Pillar fountains, &c. No branches allowed; these are apparently to follow when requirements demand and funds permit. With the given head a 7″ pipe would deliver the supply required, 300,000 gallons a day; but as this size of pipe is not usually kept in stock, a 8″ pipe is estimated for. The difference in weight would be compensated for by the less price, and of course future expansion of the supply is a contingency. This may pass, but if a 10 gallon per head supply be adopted, a 6″ pipe will be sufficient to meet all requirements, and a very considerable saving will be effected.

It is difficult to estimate accurately for the cost of pipes as pointed out by Mr. Inman, but his rates may be accepted tentatively, with this proviso that his rate of exchange, 1 shilling, $5\frac{1}{2}$ pence has happily been largely modified in our favor within the last few months. This alone, should the rise in exchange continue, would mean a saving of some Rs. 2,000 on the estimate, and no doubt a further saving can be effected by coming to terms with the Southern Mahratta Railway Company as regards cost of carriage of the pipes from Mangalore to Kadur.

Minor Items.—Provision should have been made in the estimate for the impounding reservoir for stripping the base of the embankment of all vegetation, roots, soft soil, &c. This is essential and would add Rs. 150 to the estimate. I would also make the top width of bund 8 feet instead of 6 feet.

In place of the masonry culvert under bund, I would have a 6 inch pipe, but the ordinary plug and gibbet stone arrangement in front will answer. The pipe should have a cistern in rear designed so that the delivery into channel can be exactly regulated and waste avoided.

The waste weir on channel above the filter beds (which I see has been provided on plan) should be so arranged as to allow of the 1 foot head of water allowed over the filtering surface being increased to 2 feet where the deposit on surface reduces the rate of filtration.

The provision for laying the pipes (990 lead joints at Re. 1 each) is I think insufficient. Provision has not been made in the estimate for compensation. Some allowance will certainly be required under that head.

General.—If then the basis of the water supply for Chikmagalur is to be a service of 20 gallons per head for 15,000 people, it will be observed from the above that the estimate is far too low. The impounding reservoir will have to be enlarged at a cost of about Rs. 2,000 more and the filtering beds will have to be doubled at a cost of Rs. 5,000 or so more. If, however, my proposal to restrict the service to 10 gallons for 12,500 people be adopted, the impounding reservoir and filter beds will be found sufficient, and the substitution of a 6″ main for the 8″ one

provided will effect a large saving. The weight per foot (allowing for same thickness, $\frac{7}{16}$") would be about Rs. 31 instead of Rs. 36 and the total weight would be reduced from 143 to 123 ton which represents a difference of Rs. 2,800 at the rates of Mr. Inman's estimate.

In this case the estimate as it stands will suffice and can be sanctioned at once for Rs. 50,000 in round numbers. In the other case the plans and estimate will have to be modified, to cost in round numbers, Rs. 60,000. In either case the Municipality will have to bear in mind that distribution all over the town is sure to follow on the supply to main street only, and they must be prepared for an eventual outlay of probably Rs. 10,000 more.

No. 9367-9—199 L. 46, DATED BANGALORE, 21ST NOVEMBER 1890.

ORDER THEREON.—The Government consider that a provision of 10 gallons per head for 12,500 people will be ample and accordingly sanction the estimate amounting to Rs. 50,000 in round numbers.

2. The Comptroller will arrange for an advance of Rs. 40,000 being made to the Municipality from Local Funds General which should be repaid by an annual payment of Rs. 1,000 with interest at 4 per cent per annum.

3. The work should be commenced as soon as possible.

CAMP No. 474—89, DATED MYSORE, 12TH NOVEMBER 1890.

ORDER THEREON.—In the early part of 1888, several of the Gold Mining Companies, working in the Kolar Gold Field as sub-lessees from the Kolar Concessionaires Company, sought for a definite expression of the intentions of His Highness the Maharaja's Government as to the mode in which they would be treated at the termination of the present 30 year lease under which they held, and also for such an immediate extension of the term as would enable them to raise additional capital which it was represented was urgently required for some of the mines. The Kolar Concessionaires Company in whom vested the last few days of the original term of 30 years, as well as the Gold Fields of Mysore Company, also applied for an extension of term in the interests of the sub-lessees.

2. The Mysore Chief Engineer, D P. W, was thereupon deputed to inspect and report upon the various mines in the Kolar Gold Field, and, after consideration of that Officer's report, and an examination of the then circumstances of the various Companies, the Government, in Proceedings No. 1429-30—G 26, dated 24th May 1888, announced that they were prepared to extend at once, for a further period of 20 years, on existing terms, all leases under which mining operations in the Kolar Gold Fields had made substantial progress and were then being vigorously prosecuted, provided His Highness' Government were satisfied that such a concession would so benefit the working companies as to afford them substantial help and encouragement.

3. The Government not only made this announcement, but, at the same time also invited the various mining Companies concerned, through their delegate, to submit precise information regarding the relations existing between the working Companies or the sub-lessees on the one hand and the Kolar Concessionaires Company and the Gold Fields of Mysore Company on the other. Such information was essential to satisfy His Highness' Government that the proposed extension of the lease would materially help the working Companies or sub lessees who were the real parties whom it was desired to benefit and encourage.

4. Two years and a half have since elapsed and no Company has as yet furnished the information called for as above, nor taken effectual steps to avail itself of the offer made. That offer, from its nature was one which could not be kept open for an indefinite period, and it would now be impossible to give effect to it as regards any particular Company, without a fresh investigation of its present circumstances and the extent of actual help which it now needs or deserves. Under such circumstances, the general concession of extension of lease proposed in Proceedings No. 1429-30—G. 26, dated 24th May 1888, is hereby withdrawn. But, with a view to afford help and encouragement where really required, the Government are still prepared to consider favorably, on its merits, any application which may now be made by any individual working Company for an extension of the lease for any term on the existing or modified conditions.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 12th November 1890.

5. In the case of Companies who require at present no help by way of extension of lease, there can be no uncertainty as to the mode in which they would be dealt with at the termination of the existing 30 years' lease. Para IV, clause (1), of the Government Notification No. 107, dated 5th September 1887, provides that "each lease will be limited to a term of 30 years, subject to renewal at the end of that term, upon such conditions as may be prescribed by the Government in that behalf." It will thus be seen that the Government have bound themselves to renew the leases at the end of the present term of 30 years, with such alteration of the conditions as may be found desirable. The principal condition thus liable to possible alteration at renewal would be that relating to the rate of royalty which, where necessary, would be revised in accordance with settled principles and fixed rules, all to be definitely laid down long before the renewal falls due.

Petition, Registered No. 285, dated 22nd May 1890, from Sinappa, Shanbhog Hissedar of Gunjur Village in the Bangalore Taluk, complaining that although his service Inam land, dry No. 153, has always been assessed at the dry rate and also treated as such during the Survey Settlement, yet a water cess is levied on the same, when he is not in need of water from Government.

2. Docket No. 145, dated 22nd May 1890, to the Deputy Commissioner, Bangalore, calling for submission of the Proceedings in the case, with a brief report on the salient points.

3. Docket No. 443, dated 16th September 1890, from the Deputy Commissioner, Bangalore, submitting an explanatory Memo giving the information called for.

No. 9267—375, DATED 18TH NOVEMBER 1890.

ORDER.—On petitioner's application, nirsardi or water rate was charged in 1880 on his dry land. He now requests that the nirsardi may be removed, and the land treated as dry. Petitioner is stated to have given a Mutchalika that he would pay nirsardi permanently. The land appears to have been fully irrigated in 1880—81 and 1882—83, but not since, the tank not having received full supply of water.

2. The Government do not think it proper to enforce the payment of water rate, if the petitioner does not wish to cultivate the land with wet crops, and they therefore direct that it be remitted, and the dry assessment alone collected on the land in future.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 24th November 1890.

No. 5323-27—760-61, DATED BANGALORE, 24TH NOVEMBER 1890.

ORDER.—The following arrangements for opening and closing the river channels and for the hot weather supply—based upon the decision of the Channel Conference held at Mysore on the 22nd October—will have effect in 1891—92 and until further orders:—

1. All the channels will be opened for the irrigation season on the 1st June and will be closed on the 10th January following, after which date water will on no account be allowed for rice cultivation (the date of closure for the irrigation season now current will be the same, *viz.*, 10th January next).

2. After the closure the several channels will be opened in succession for a period of 8 days in every 30, for sugar-cane cultivation.

3. The order of rotation of opening will, for the Mysore District, be determined by the Executive Engineers of the Channels Division and Mysore Division in conference. Their decision to be endorsed by the Deputy Commissioner before final adoption.

4. For the Hassan District the order to be followed will be settled by the Deputy Commissioner and Executive Engineer in conference.

5. For the period during which the several channels are open in the month of April, water will be delivered to the fields for manurial crops if asked for, as well as for sugar-cane. For this watering of manurial crops water to be allowed down to tail of channels or to such distances as the Executive Engineers may find feasible within the 8 days allowed before opening the sluices, when all the sluices are to be opened at the same time.

Note.—With reference to clause 3 above, the programme submitted with Channels Division Executive Engineer's letter No. 171 of 12th July may be taken as basis for adoption, modified slightly to meet the condition of clause 2.

Exception.—An exception to clause 1 will be made in favor of the Talkad (Mahadevamantri) Channel which will not be closed till the 20th January of each year.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

NOVEMBER 1890.

Proceedings.			Subject and Order.
No.	Date.	To whom sent.	
9568—393.	21st	The Deputy Commissioner of the Bangalore District.	Appeal No. 608 of 30th June 1890. *Appellant.* *Vs.* *Respondent.* Puttegauda of Kondapura Village, Closepet Taluk. Manchegauda. Appellant purchased a certain land belonging to one Lakshmaiya in a revenue sale held on 10th June 1889 for Rs. 20. Respondent is a mortgagee and on his complaint, the Deputy Commissioner cancelled the sale, chiefly on the ground that Respondent had no notice, though the village officers knew that he had possession of the land. The land is stated to be worth Rs. 300. This appeal is against the cancellation of the sale. *Decision.*—On a review of the Proceedings, the Government observe that the Istihar or sale proclamation in this case, though dated 9th May 1889, was not duly published till the 18th idem and the sale took place on 9th June 1889 and before the expiration of the 30 days from the date of proclamation. This is contrary to the provisions of Section 173 of Mysore Land Revenue Code. On this ground alone the sale is bad and could not be upheld. The Deputy Commissioner's order is therefore affirmed and this appeal dismissed.

Serial No.	Proceedings. No.	Proceedings. Date	Proceedings. To whom sent.	Subject and Order.
2	9570—387.	21st	The Deputy Commissioner of the Kolar District.	Appeal No. 1683 of 1st November 1889. *Appellant.* Venkategauda of Arahalli, Mulbagal Taluk. *Vs.* *Respondent.* Ranganna of Arahalli Mulbagal Taluk. The dispute in this case is with regard to mango tree which, during Survey Settlement, wa sold to Respondent for Rs. 2¼. The Responden is occupant of field No. 2, and the Appellant, wh is the owner of field No. 63 adjoining No. 2 con tends that the tree stood on his land and has bee unjustly given over to Respondent By an Orde dated 3rd June last, the Deputy Commissioner wa requested to inspect the lands and to report— I Whether the tree stood within, or on th boundary line of No. 63 and II. Who had possession of the tree befor it was annexed by Survey Department to fiel No. 2. The Assistant Commissioner deputed by th Deputy Commissioner, reported that some of th witnesses examined by him deposed to the fac that the tree was, by general repute, planted b Appellant's ancestors and that, judging from the position of the tree and the fact that the former owner of the banjar land admitted that the tre did not belong to him but on the contrary stated that the platform round the tree was known as having been constructed by the ancestors of the Petitioner, he (the Assistant Commissioner) was inclined to think it belonged to occupant of No. 63. With regard to possession and enjoyment the Assistant Commissioner stated that the Patta dar had failed to prove that the tree was in his enjoyment prior to the Survey Settlement. As regards the position of the tree, the Assistant Commissioner remarked, that when he inspected the mango tree, the boundary stone marked A in sketch prepared by the Amildar was missing and that, by reference to the Tippan book of the Survey Department, the boundary stone has since been fixed, and that the Amildar now reports that the tree stands on the boundary line between Survey Nos. 2 and 63. The Respondent's Advocate stated that, as during the Survey, the tree was found to be on a

				banjar land belonging to Government, it was joined to field No. 2 and sold to Respondent, and that if he (Respondent) was allowed to examine his own witnesses, he would have proved beyond doubt, that the tree stood on Government land, and was never possessed or enjoyed by the occupant of field No. 63. ORDER.—The enquiry before the Assistant Commissioner is somewhat defective, and his own opinion is based partly on the Amildar's report and on the examination of certain witnesses, whose evidence was apparently taken in the absence of Respondent. The Deputy Commissioner is therefore requested to inspect the disputed locality and ascertain, by reference to Survey and Revenue accounts and by examination of all the witnesses that may be produced by both parties, whether the tree in question belonged to occupant of field No. 63 before Survey and whether its produce was enjoyed by such occupant. The Government would be glad if the Deputy Commissioner could effect an amicable settlement between the parties during his inspection. If this is not possible, the proceedings should be resubmitted as early as possible with the record of the additional enquiry and Deputy Commissioner's findings.

Deputy Commissioner's docket, No. 231, dated 30th July 1890. *Petitioner* .. Kadara, Talvar of Mavinahalli, Tiptur Taluk, Tumkur District. Petitioner's chief complaint is that the Patel took a portion of his Inam land and included it in his Patta, but there is no proof in support of his allegation. Petitioner's Inam land, according to accounts is, 3 kolagas and 1 padi = 2 acres, while the area he actually enjoys is, 0-8-3=5—31. Petitioner's other allegations are all unfounded and are not supported by any evidence. Government therefore declined to interfere.

This is an appeal against the decree of th Deputy Commissioner in suit No. 5 of 1889—9(One Narnappa, who was the Shanbhog, wa dismissed on 3rd August 1878 on the groun that he failed to report that certain kandaya collected by the Patel was not brought to accoun The dismissed man died on 13th September 187 His widow is still alive, but she waived her rig in favor of the Respondents who are her husband grandfather's brother's grandsons The Appe lant's minor son who was a distant collateral the deceased, was appointed Shanbhog on 2n February 1879. The present suit was brought c 15th July 1889. The Lower Court, finding tha the Respondents were nearer heirs than the A pellant, passed a decree in their favor. In th present appeal it is contended that— (1) The widow of the deceased is alive an therefore Respondents have no right. (2) Respondents did not object to the a pointment of the Appellant's son in time. The Government considered that both th objections urged by the Appellant were untenabl The widow of the deceased hakdar having waive her right to the office in dispute, the question f decision was who are the heirs entitled to succee to the office. The Assistant Commissioner wh tried the suit and the Deputy Commissioner appeal found concurrently that the Responden are the sons of the deceased Narnappa's uncl The Appellant has not adduced a title of eviden to rebut that offered by Respondents, nor has h produced any pedigree to show how he was rela ed to the deceased hakdar. His Advocate co tended that he was not allowed an apportunity examining his witnesses; but the proceedings di closed that both during the original trial and remand he failed to cite or produce any witnesse The mere fact that Respondents delayed the inst tution of this suit for nearly 10 years is not fat to their claim as the suit has been brought with

(*Plaintiff.*) — Devegauda. (*Defendant.*) One Devanna, who was the registered Patel of Kumbarahalli in Channarayapatna Taluk, Hassan District, deserted during the late Famine (1878) and died subsequently. The Defendant's father Earegauda was appointed by the Shekdar to perform the duties of Patel and was confirmed in that appointment in 1880 by the Amildar or Deputy Commissioner. He died in November 1885, and his son the Defendant succeeded him in office. The present suit was instituted on 17th March 1887 by Plaintiff who claimed the office on the ground that he was the nearest surviving relative and heir of the original hakdar Devanna, whose immovable properties passed on his death to Plaintiff. The Deputy Commissioner dismissed the suit because— (1). Devanna deserted the village and had thereby forfeited his hak. (2). Plaintiff was involved in debt and was therefore untrustworthy. (3). Plaintiff, in his deposition dated 23rd February, stated that he had no objection to the appointment being conferred on Earegauda. *Decision.*—On a perusal of the Proceedings and a careful consideration of the recorded evidence, the Government are of opinion that all the grounds on which the Plaintiff's claim has been disallowed, are untenable. Mere desertion on death of the holder of an hereditary office will not operate as a bar to the office being claimed by the surviving heirs or legal representatives of the deserter or the deceased, more especially, as the de-

				sertion, in this case, was caused by the thick famine that prevailed in the Province at the tin Mere indebtedness is not a disqualification for hol ing a Pateh office; and if, as admitted, Plaintiff in possession of all the immovable propert which belonged to Devanna and pays a decc amount of kandayam to Government, he cann be regarded untrustworthy, simply because h h contracted some debts. With regard to t Plaintiff's deposition of 23rd February 1880, it observed that Earegauda, in whose favor Plaint was willing to resign his hak, is the son of Pla tiff's own brother Chikka and not Defendan father Earegauda. T at statement is therefore bar to Plaintiff reasserting his right to the offi when the individual referred to in the stateme failed to obtain the Patelship. It is not disputed that Plaintiff, as t nephew of Devanna's grandfather, is nearer he to the deceased Devanna than Defendant or h late father and has therefore a preferential rig to the office; and as the present claim has bee preferred within 12 years from the death of D vanna, Plaintiff is entitled to succeed. The Deputy Commissioner's decision is r versed. Plaintiff will be put in possession of t Pateli office forthwith.
5	9652—334.	22nd	The Deputy Commissioner of the Tumkur District.	Appeal No. 1615 of 31st October 1889. *Appellant.* *Vs.* *Respondent.* Gundappa, Shanbhog of Vakkodi, Tumkur Taluk. Venkatappa. The Appellant had two brothers named Su banna and Tirumalaiya who, in 1880, were d missed from the office of Shanbhog for embezz ment of Government money. The Respondent stranger, was appointed Shanbhog. The Appellant who was a minor in 188 now claims the office on the ground that he w divided from his brothers and had nothing wha ever to do with the frauds imputed to them. The Respondent contended that Appella and his brothers were undivided in interest, a that as the family was, by the Order of 1880, e tirely deprived of the hak, the Appellant had claim to the office.

				Decision.—On the 17th May 1878, the Taluk Amildar reported that there was a division in this family during the lifetime of the Appellant's father, and that two of the six villages named in the margin which formed the Shanbhog's charge were allotted to the Appellant. The sanction of the Deputy Commissioner was solicited to the division and to the needful entries being made in the Registers The Orders, if any, passed on the Amildar's report are not forthcoming, but the evidence taken in pursuance of the Government Order, dated February 1890, No. 9104—292, proves clearly that ever since the alleged division of 1878, the Appellant has been living apart from his brothers and had nothing whatever to do with the embezzlements which led to the dismissal of his brothers. Under these circumstances, Government considered that Appellant, who has now attained majority and who is reported to be qualified for the office of Shanbhog, was entitled to relief, and therefore directed that he be registered as the Shanbhog of all the 6 villages, but as it would be hard to turn out the Respondent altogether from service at once, he will be allowed to have charge of one of the two Firkas into which the six villages have been divided, during his lifetime, after which they should revert to the Appellant. The Deputy Commissioner was requested to put the Appellant in possession of one of the Firkas at once and leave the Respondent in possession of the other.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 15th December 1890.

READ—

Season Reports of the 8 Districts for the week ending 6th December 1890.

No. 10214 21—CIR. 197, DATED 15TH DECEMBER 1890.

ORDER THEREON—In two of the reports above read, it is stated that reports from the following Taluks have not been received :—

Sidlaghatta.	Goribidnur.
Chikballapur	Nanjangud.
Bagepalli.	Nagamangala.

Such omissions have been frequently noticed before in the case of other Taluks, the value of the report being much affected in consequence.

2. It is requested that all Amildars may be warned as to the necessity for the correct and timely submission of these reports to the District Offices where they should be carefully compiled and receive the full scrutiny of the superior officers before their despatch. The explanation of such Amildars as fail to send in the reports in time should be obtained and submitted for the orders of Government.

3. It has also been noticed that the "probable out-turn of the harvest" col. 7 is seldom given, and that allusion is made to outbreaks of fever and cattle disease, when such are not of sufficiently large dimensions to threaten the progress of agricultural operations. The attention of Deputy Commissioners is again drawn to the instructions on the subject communicated with the Circulars noted in the margin.

No. 10315-23—208-L 110, DATED 10TH DECEMBER 1890.

Chikmagalur.

ORDER THEREON.—Under the circumstances explained in the above, the proposed employment of a skilled gardener on Rs. 12 per mensem is sanctioned and the provision made for his pay in the current year's Municipal Budget of Chikmagalur is approved.

Para of Govt. Progs. 16. Para of Dy. Commissioner's Letter. 1.

Tarikere.

The length of the Provincial road lying within the Municipal limits of the Town is stated to be 1 mile, 1 furlong and 90 yards and the mileage allotment payable by the Public Works Department for its maintenance to be Rs. 235. The estimated receipts and expenditure of this Municipality will accordingly be raised by Rs. 235.

Para of Govt. Progs. 26. Para of Dy. Commissioner's Letter. 2.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 22nd December 1890.

Read again letter from the Deputy Commissioner, Kadur District, dated 25th July 1890.

Read docket from the do do dated 7th October 1890, No. 307.

No. 10524 34—209—L. 111, DATED 22ND DECEMBER 1890.

ORDER THEREON.—The District Fund receipts of the Kadur District for 1890—91 are estimated at Rs. 48,871 against Rs. 48,371, the actuals of 1888—89, and Rs. 46,678, the estimate for 1889—90. The Government observe that the 76 per cent of the one anna cess estimated for 1890—91, *i. e.* Rs. 42,838 represents the *total* cess leviable, including the amount that has to be credited to the Local Funds General. This is not correct. The estimate should include only the sum which is credited to District Funds. Moreover the one anna cess, it is presumed, has been calculated on the estimated collections of land revenue including the quit-rents on Inams. This is not also correct. The one anna cess in the case of Inams is leviable on their valuation and not on the quit-rents charged on them, which alone appear under Land Revenue Collections. The Deputy Commissioner is therefore requested to submit a revised estimate, calculated with reference to the estimated jamabandi for 1890—91.

2. The estimated receipts under Local Funds General have not been stated. The Deputy Commissioner is requested to supply the omission. The estimate should show the several items of revenue on which the cess is calculated.

3. The estimated civil charges already sanctioned amount to Rs. 7,841.

4. The estimated expenditure on Public Works proposed to be executed through the Public Works Department is stated to be Rs. 50,000 as particularized in the margin, while the sum provided in the Final Issue of the Public Works Department Budget for 1890—91 is Rs. 51,300. DECISIONS OF GOVERNMENT IN REVENUE CASES.

DECEMBER 1890.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
	10284-422--P. 803.	9th	The Deputy Commissioner of the Kolar District.	Appeal No. 1735 of 9th November 1889. *Appellant* .. Sheshappa of Vijalapur, Mulbagal Taluk, Kolar District. Petitioner complains that a portion of his khate land was demarcated separately as Sarkar land, and requests that it may be re-incorporated with his khate. The report of the Deputy Commissioner, dated 17th February 1890, No. 3123—614, shows that Petitioner's khate land No. 46 was only 4 kolagas (acres 2-3) assessed at Rs. 2—5—4, but was enlarged during the survey by the addition of the adjoining waste, and formed into Survey No. 38 with an extent of acres 3-10 assessed at Rs. 5—8—0. On the complaint of the villagers, that the waste which was added to Petitioner's khate contained a tope useful to the villagers, the land so added was again separated from Petitioner's khate. This so far is correct, but the Deputy Commissioner not only separated the land newly added to Petitioner's khate, but also directed him not to cut the * 7 trees standing on the edges of his land. Petitioner produces an authenticated copy of the account of Sidharti 1859—60 which shows that the 7 trees above referred to then stood on his land, the only difference between the entry in the account and the actual state of accounts being that the 7th tree is entered in the account as *Padari*, while in reality it is tamarind. It is therefore improper to prevent Petitioner from cutting these trees if he likes to do so. The Deputy Commissioner was requested not to interfere with the Petitioner's control over the 7 trees standing on his khate land. * 2 Ippe. 2 Maddi. 1 Nerle 1 Mango. 1 Tamarind. — 7 —

2	10287-429--P. 808	9th	The Deputy Commissioner of the Bangalore District	Review Petition No 971 of 7th August 1889 *Appellant.* *Vs.* *Respondent.* Gopalaiya, son of Shanbhog Venkatanarayanappa of Horamavu Agaram, Bangalore Taluk. — Sinappa. The facts of this case are fully set forth in the Proceedings of Government No. 4223—19 dated 27th July last and it is unnecessary to re capitulate them. The additional evidence taken and sent up by the Deputy Commissioner merely proves that Respondent Sinappa is a very distant kinsman of the deceased Gangadharappa and Sinappa The last holder of the office before Respondent was appointed was Appellant's father He had the office apparently in consideration his having been the husband of the daughter Gangadharayya who was the original hakdar, and the present contention is that inasmuch as Appellant's father was virtually a Gumasta of Appellant's mother, any fault committed by him ought not to deprive the Appellant and his mother their right to the office. There is, no doubt much force in the argument, but if the Appellant is appointed to the office at once, the punishment inflicted upon his father for the crime of embezzlement will cease to be a punishment *Decision*—Government therefore resolved to register Appellant as the hakdar, but allow the Respondent to remain in office during the lifetime of Appellant's father, after whose death the Appellant will enter upon the duties of the office
3	10289-288--P. 804.	9th	The Deputy Commissioner of the Kadur District.	Appeal No. 2483 of 16th January 1889 *Appellant* .. Togarihankal Mohiadin Sa of Sampige Hatti Kan Tarikere Taluk, Kadur Dis trict. This is an appeal against the order of Deputy Commissioner, dated 27th January 18 Petitioner complains that certain land in possession in the village of Tegada, which he purchased from another individual, was erro ously omitted to be included in his holding at Survey. The Deputy Commissioner ordered, 27th January 1888, that as the Survey had

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				completed, the Survey limits could not be altered and that, if necessary, Petitioner should darkhast for the land in question. Petitioner again petitioned the Deputy Commissioner who refused to re-open the matter. The Deputy Commissioner who has since examined the locality in the presence of the Petitioner, reports that there is nothing whatever to show that the land claimed is part of Petitioner's estate, and no evidence has been produced or argument adduced at the hearing to show that it is a part of it. The Petition is therefore dismissed. If the Petitioner wants the land for coffee cultivation, there is nothing to prevent his applying for the same, and his application will be disposed of in due course.
4	10192-346--P. 767.	11th	The Deputy Commissioner of the Tumkur District.	Appeal No. 643 of 3rd July 1890. *Appellant.* *Vs.* *Respondent.* Venkategauda of Keggare, Kunigal Taluk. — Timmegauda, son of Tirumalegauda. Appellant's father was appointed Patel of the village of Hanta on probation in 1882—83. In the order of appointment it is stated that there were no hakdars to the village and that the Appellant's father was appointed as he lived in the village. Petitioner's father was also the Patel of 2 more villages noted in the margin. In 1886 Appellant was appointed in the place of his father, but this order of 1886 refers only to villages of Hanta and Keggare but not to Kaval. In February 1890 the Amildar reported that the Appellant could not well manage all the three villages; and on this, the Deputy Commissioner appointed as Patel of Keggare and Kaval, and the Respondent as Patel of Hanta. In this order of appointment Respondent is stated to be hissedar. 1 Keggare. 2 Kaval. Appellant appeals against this order and states— (1) that the office of Patel was not newly created for Hanta in 1882, but that it was his ancestral hak, and (2) that Respondent is not a hissedar and is not entitled to the office. In support of the

Serial No.	Proceedings. No.	Date	To whom sent.	Subject and Order.
				1st point Appellant produces the Takids issued by the Amildar in 1847, 1851 and 1853 in the name of his father. The Takids appear to be genuine and show that Appellant's father was then doing the duties of a Patel. As regards the 2nd point, the records show that Respondent is a *Dayadi* of the Appellant and a hissedar in the office of Patel for the village of Keggare. Whether the Respondent is a hissedar or not, the question is, is there any reason for removing the Appellant from the office for any of the villages to which he was formally appointed? Beyond the statement of the Amildar that Appellant is unable to manage all the three villages, there is nothing to show that he is unequal to the charge. Decided that the order of the Deputy Commissioner appointing Respondent Patel of Hanta be cancelled and the Appellant restored to office.
5	10254-287—P. 791.	11th	The Deputy Commissioner of the Kadur District.	Appeal No. 2213 of 13th January 1890. *Appellant.* *Vs.* *Respondents.* Adeppa of Tarikere. Sannappa, Shanbhog of Hirikatur. The Respondent who is the Shanbhog of the village fell into arrear on account of his kandayam lands to the amount of Rs. 32—3—9. His land No. 51 was attached and sold on 24th March 1887 when the Appellant purchased it for Rs. 50. The Respondent complained against the sale, but the Deputy Commissioner rejected his petition and confirmed the sale on 9th May 1887. The Respondent then appealed to Government, who issued an order on 17th October 1889 cancelling the sale on the grounds— (1) that the Respondent requested his Potigi allowance (Rs. 29) to be credited to his assessment which was not done, and (2) that the Appellant paid the purchase money on the 11th April 1887 while it was due on the 7th idem. 3. Petitioner states that the above order was issued without any notice to him and requests that

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				it may be cancelled and the sale confirmed, as he has spent much capital and improved the land since the purchase. He says that he has dug 2 welis, and newly planted about 500 cocoanut trees on the land. 4. The Respondent who was present at the hearing denies the improvements said to have been made by the Appellant. 5. The Appellant is still in possession of the land. 6. The Government Order, dated 17th October 1889, having been inadvertently issued without notice to the Appellant will be cancelled, but before finally settling the case, the Government wish to be informed whether it is a fact or not that Appellant improved the land subsequent to the purchase and if so to what extent. The Deputy Commissioner was requested to report on the matter. The only ground upon which the sale can be quashed is that Appellant did not pay the purchase money within the prescribed date, but the Deputy Commissioner having condoned the delay and confirmed the sale, the Government are disposed to cancel the sale on that ground, especially if the Appellant has improved the land subsequent to the purchase; but if, as Respondent alleged, no improvements whatever have been effected by the Appellant, there can be no particular hardship to the Appellant if the sale be cancelled, and the purchase money refunded to him with interest at such reasonable rate as may be suggested by Deputy Commissioner. The amount of interest will of course have to be paid by the Respondent.
6	10255-424 P. 792.	11th	The Deputy Commissioner of the Bangalore District.	Appeal No. 860 of 18th July 1890. *Appellant* .. Jivan Rao of Sarjapur, Anekal Taluk, Bangalore District. Petitioner owed to Government Rs. 71-11-3 on account of the kandayam of his Patta lands most of which he had resigned. His number 27 was sold for arrears; but the first purchaser having failed to pay the purchase money (Rs. 71), it was again sold on 25th May 1889, when it was purchased for Rs. 25. This sum and the deposit made by the first purchaser, *i. e.*, Rs. 17—12—0 were credited to the arrear, and Petitioner's other lands were attached for the balance due. Peti-

				tioner complains against the attachment of his other lands for the balance of the arrear due, on the ground that no notice was given to him when his number 27 was sold the second time. The notice for the second sale of number 27 is dated 24th April 1889, but was published only on the 10th May 1889. The sale was thus irregular, but the Petitioner did not complain about it till his other lands were attached in 1890. Section 183 of the Land Revenue Code says that every re-sale should be made after the issue of a fresh notice in the manner prescribed for original sales, but the notice here refered to appears to be that mentioned in Sections 171 and 172 and not a notice to the defaulter. The Law requires that the proclamation of the sale should be published (*vide* Section 171) and that a notice of the same should be affixed (*vide* Section 172) in the office of the Amildars, &c. There is nothing to show whether the notice under Section 172 has been duly affixed or not; but no complaint having been preferred against the sale in due time, it cannot be now cancelled. But before proceeding against the Petitioner for the balance due, it is the duty of the Deputy Commissioner (*vide* Section 182) to proceed against the first purchaser for the difference between the amount of his bid and that actually realized in the second sale. This has not been done. The Deputy Commissioner was therefore requested to proceed against the first purchaser in the first instance, and then against the Petitioner, if the balance due cannot be recovered from the former.
7	10286-428—P. 806.	15th	The Deputy Commissioner of the Bangalore District.	Appeal No. 686 of 7th July 1890. *Appellant* .. Malleganda of Suleri, Closepet Taluk, Bangalore District. A certain land number 241 belonging to the Khata of Somasekharaiya was sold for arrears of revenue. Petitioner who is a mortgagee of the land complained against the sale on the ground that he had no notice of it, but the Deputy Commissioner rejected his claim on the ground that he was not entitled to a notice. Petitioner appeals against this order and his Advocate argued that although his client's name was not registered in the revenue accounts, still he was entitled to a notice since the Shanbhog knew that the (Petitioner) was the mortgagee of

				the land. This argument is altogether inadmissible. It was the duty of the Petitioner to see that the assessment of the land was paid in due time, and the Government cannot undertake to give notice to any one other than the registered holder. Appeal dismissed.
8	10288-608--P. 805.	15th	The Deputy Commissioner of the Mysore District.	In Government Order No. 4295—221 of 28th July 1890 communicating decision in Appeal No. 2381 of 9th February 1890, Nanjundaiya *Vs.* 1. Gopalaiya and 2. Subbanna, son of the 1st Respondent, the Deputy Commissioner of the Mysore District was requested to ascertain and report the Potigi allowance assigned for each of the three villages, *viz*, Pura, Nelavagal and Bichanahalli of the Heggaddevankote Taluk, and if the allowance of the two villages claimed by the Appellant, *viz*, the 1st and the 2nd is about the same as, or less than, that of the 3rd village, he may constitute these two villages into a separate Firka and register them in the name of the Appellant. The Deputy Commissioner in his letter No. 732, dated 5th September 1890, reported that the jamabandi of the 3 villages amounts to Rs. 1,578—11—4, and the Potigi for 1 incumbent comes to about Rs. 58 a year or Rs. 4—13—4 only a month, which in his opinion was a very insufficient amount considering the work of a Shanbhog even for one man. If divided amongst two it means Rs. 2—7—0 a month, a mere pittance which the Shanbhog will certainly augment any how he can. *Decision.*—The Government agree with the Deputy Commissioner that under the circumstances stated, it is not desirable to split the Firka into two. Petitioner's claim will be considered when a vacancy occurs.
9	10290-289--P. 807.	Do	The Deputy Commissioner of the Kadur District.	Appeal No. 177, dated 16th April 1888. *Appellant.* *Vs.* *Respondent.* Kalasi Hebbar of Mudgere, Kadur District. — Venkatasubbaiya. Petitioner was the Hakdar of the 5 villages noted in the margin. Most of the villages having been managed by Gumastas prior to 1879, the then Deputy Commissioner enquired 1. Mavinkere. 2. Hoskere. 3. Swastipal. 4. Settigalaswarti. 5. Rudrapada Maiha.

				why the Petitioner should not be allowed as many villages as he could manage and the remaining villages given to others. Petitioner was then a minor aged 12 or 13 years. His guardian and natural father (Petitioner having been an adopted son of the Hakdar) deposed that the Hak should be registered in the name of his son and Gumastas appointed till he attained age. On this Mr. Lacey, the Deputy Commissioner issued an Order on 29th July 1879, directing that 3 villages should be retained in the name of the Appellant, and another Hakdar appointed for the other two. The Order did not specify which villages were to go to the Appellant and which to the Hakdar newly appointed, but on the recommendation of the Amildar, Appellant was appointed Patel of the 1st, 2nd and 4th villages and his natural father appointed as his Gumasta and the Hak of the 3rd and 5th villages was given to Respondent, who was a stranger. This was in March 1880. At the Pakka Potigi Settlement, all the 5 villages were converted into one Firka, and the Assistant Commissioner ordered in December 1886 that the Appellant and Respondent should do the duties of the office by rotation 3 years each. The Appellant had the first turn. In 1887 the Appellant complained that the right of the whole Firka belonged to him, and that the Respondent had no right. The Deputy Commissioner Colonel Campbell after going through the case refused to alter the division of the Assistant Commissioner and gave an endorsement to Petitioner accordingly on 26th March 1888. The appeal is against that Order. *Decision.*—Government consider that the appointment of a stranger to two of the villages belonging to the Appellant was irregular. It is true that the appointment was made so long ago as 1880, but the Petitioner was then a minor, he having attained his majority only in 1884, and has been complaining about the appointment ever since 1887. The appointment made in 1880 is therefore cancelled and all the 5 villages ordered to be registered in the name of the Petitioner. If the Deputy Commissioner considers that Petitioner will not be able to manage all the 5 villages, he should be called upon to appoint Gumastas for such villages as may be named by the Deputy Commissioner.

10	11043—643	15th	The Deputy Commissioner of the Mysore District.	Appeal Petition No. 2626. *Appellant* .. Patel Puttegauda of Chikka Kerayur Village, Heggaddevankote Taluk, Mysore District. This was an appeal against the Order of the Deputy Commissioner, Mysore District, No. 92, dated—May 1888, appointing one Ramanujaiya to the office of Patel of the 2 becherakh villages of Pudukote and Nanjanhalli and endorsement No. 407, dated 15th December 1889, issued to the Petitioner declining to interfere with the order already passed. 2. Petitioner was informed in reply by an endorsement that as he himself admitted that he had no hereditary right to the office of Patel of the village of Pudukote, and that as he simply claimed the office on the ground that he did the duties of the office for a few years, the Government saw no reason to interfere with the appointment by the Deputy Commissioner.
11	11030—446	17th	The Deputy Commissioner of the Kolar District.	Appeal Petition No. 868 of 6th July 1890. *Appellant* .. Shanbhog Kadarappa and Mailegauda of Betamangala, Bowringpet Taluk. This was an appeal against the Order of the Kolar District Deputy Commissioner No. 212, dated 21st June 1890, permitting shopkeeper Usman Sabi, according to his choice, to hold his shop on fair days on the vacant site belonging to Petitioners. Petitioners were informed, in reply, by an endorsement, that they having failed to appear before the Amildar and establish their right to the sites under notice, their claim had been properly rejected. Government declined to interfere in the matter.

				progressive kaul in consideration of the circumstance that his other lands would be submerged in consequence of the anikat across the Chitravati river. Petitioner was informed in reply by an endorsement that the Deputy Commissioner reported that there was no necessity for granting the lands applied for by him (Petitioner) on Shraya kaul, since there were offers for their occupation on full assessment. The question of compensation due to Petitioner on account of the submersion of his lands would be separately dealt with
13	11032—363	17th	The Deputy Commissioner of the Tumkur District	With reference to the latter part of Government Decision in Appeal No 1246 of 30th September 1889 in the case of Ganga Angajala of Pavagada Taluk, the Deputy Commissioner, Tumkur District, reported in his docket No. 439, dated 15th October 1890, that the Talvars proper declined to pay the Petitioner any portion of the Miras they get from the raiyats by reason of their poverty on the other hand, Petitioner urged that it was not possible for him to do the duties of Talvar on receipt of one third of the Miras and prayed for 3 seers of grain per acre as in the case of Totis Under the circumstances stated in their decision, dated 6th February 1890, No. 8686—283, Government resolve to direct that the Talvar fees be divided between the petitioner and the other Talvars of the village in the proportion of $\frac{1}{3}$ and $\frac{2}{3}$ respectively. If any of the parties refused to render service with the fees above sanctioned, they may resign the service.
14	11033—641	Do	The Deputy Commissioner of the Mysore District.	Appeal No. 2730 of 13th March 1890. *Appellant* .. Chandrasekharaiya of Nanjangud, Mysore District. Petitioner appeals against the Order of the Deputy Commissioner, dated 28th February 1889, directing assessment to be charged on land at the wet rates, while it is dry. Petitioner holds a dry land K.—P. $11\frac{1}{4}$ or 0—1 acre assessed at Rs. 0—3—6. It being on a low level, Petitioner raised wet crops by means of

Serial No.	Proceedings. No.	Date	To whom sent.	Subject and Order.
				springs rising in the land and the Deputy Commissioner ordered wet rate amounting to Rs. 2-9-6 to be charged. Petitioner contends that as no water is supplied from a Government work, the charge at wet rates is improper. It further appears that the land in question is not under the atchkat of any tank and that Petitioner has constructed at his own expense a dam across the jungle stream that runs across his own land and thereby irrigates it. The Deputy Commissioner states that it is usual to charge wet rates on such lands in Taluks not brought under the Survey Settlement, but if in the Surveyed Taluks any such dry land is cultivated with wet crops, it would not be liable to wet assessment. Survey Settlement has not yet been introduced into the Taluk in which Petitioner's land is situated. Notwithstanding the practice, Government considered that it was not right to charge wet assessment on dry lands when they were cultivated with wet crops without the aid of Government water and they therefore directed that the dry rate alone be collected from the Petitioner.
15	11038—642	17th	The Deputy Commissioner of the Mysore District.	Appeal Petition No. 2792 of 20th March 1890. *Appellant* .. Subbaraya, late Shanbhog of Madavagere, Mysore Taluk. Appellant's Petition complaining of certain irregularities on the part of the Mysore Amildar Changaiya Chetti and three others in regard to the disposal of his lands, having been forwarded to the Deputy Commissioner of the Mysore District, a reply was received from that officer, *vide* his docket No. 893, dated 7th October 1890, submitting an English Memorandum together with the vernacular papers bearing on the case received from the 2nd General Assistant Commissioner containing replies to the several points referred to in the Petitioner's complaint. In reply to his Petition, Petitioner was informed by an endorsement that as he when heard in person was not able to state exactly what his complaint was, and that as the records received did not show that any injustice was done to him, his Petition was rejected.

16	11040—300	23rd	The Deputy Commissioner of the Hassan District.	Appeal No 3546 of 5th December 1885. *Appellant* .. Dalavayi Devaraj Ars, Sarva Inamdar of Hebbale, Arkalgud Taluk, Hassan District. Read the following correspondence from the Deputy Commissioner, Hassan District, dated 19th September 1886, No. 1596—325. Inam Superintendent's reply, dated 30th June 1890, No 17. To the Inam Superintendent, dated 19th July 1890, No. 3828-9—58. Inam Superintendent's reply, dated 16th October 1890, No 45 Petitioner complains against the resumption of a Kerebandi Inam granted for the maintenance of his tank. The Inam Register shows that the Inam was fully assessed on the ground that the Kerebandi Service was not performed and that the Inam itself was unidentifiable. The papers read above show that the tank for the maintenance of which the Inam was granted, irrigates the lands of the Petitioner's Inam village only. This being so, the Government have no interest in the maintenance of the tank and its resumption was therefore improper. The Inam should be simply struck off the Register and the Petitioner relieved from the liability of paying any assessment on account of it. Extent. K K. P. 0—12—0. Amount. Rs 17—7—6.

				why he stated in his report of the 4th September 1886 that one Seshabhatta had not paid the purchase money of the building site referred to therein, while in fact he had paid it. The explanation of the Amildar Nanjunda Naidu that his statement that Seshabhatta did not get the sale of his land confirmed by paying up the purchase money had reference to the occasion when Seshabhatta complained that Nanja had encroached upon the land and not to the date of his Arzi in September 1886, is altogether unsatisfactory. The Deputy Commissioner was requested to inform him that the Government view his conduct in this matter with displeasure, and that if he should again be found guilty of such misstatement, severe notice would be taken of his conduct.

The point at issue was whether notice of demand and attachment of the property sold was duly given to the petitioner. Decided that the Government decline to interfere with the order already passed confirming the sale Application dismissed.—Communicated to the Deputy Commissioner of the Hassan District.—No. 1711—203.		
3	Petition No 806, dated 26th July 1889. Petitioner Srikanthaiya of Tyamagondal, Nelamangala Taluk. Appeal against the order of the Deputy Commissioner, Bangalore District, No. 148, deciding that Bhima Rao, the holder of certain wet lands in the Government village of Halenahalli, was entitled to get water for their irrigation from the tank of the kayamgutta village of Jajur.	18th D[illegible]	

No.	Subject and Order.	Date of Order.	Date of previous Orders.
	The points at issue were when was the Jajur Village granted as kayamgutta? Was the tank then in existence, and did it then supply water to Government lands in question? What evidence can the petitioner produce to show that the tank in question is a private one built by the kayamgattadar himself? If so what was the source of water supply to the Government lands in question before it was built? Ordered that pending enquiry by the Deputy Commissioner into the above points and final decision of this appeal, the Deputy Commissioner's order appealed against directing supply to the Government lands in question from the Jajur Tank must remain in full force.—Communicated to the Deputy Commissioner of the Bangalore District.—No. 6953—344.		
4	Appellant. Vs Respondent. Sinappa, Shanbhog of Padavalumaruhalli, Chamrajnagar Taluk. Naranaiya.	19th Sept. 1889.	
	Appeal against Mysore Deputy Commissioner's order, dated 10th October 1887, refusing to recognize Appellant as the Shanbhog of Mudlukudlu Village, Chamrajnagar Taluk. The Appellant and Respondent being cousins, and the Appellant having ratified the appointment of Respondent Naranaiya as Shanbhog of Mudlukudlu which had been made on public grounds and admitted his claim as joint hakdar. Decided that Appellant's claim to be Shanbhog of both the villages of Padavalumaruhalli and Mudlukudlu was inadmissible, and that the existing arrangement under which the Respondent Naranaiya enjoyed possession of the Shanbhogship of Mudlukudlu for nearly 12 years would not be d[illegible] The Deputy Commissioner's [illegible] dismissed.—Communicated to the Deputy Commissioner, Mysore District.—No. 5271—317.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th October 1889.

READ THE FOLLOWING PAPER:—

Letter. dated 10th September 1889, No. 226—211, from the Deputy Commissioner, Chitaldroog District, submitting the explanation called for in the Government Proceedings, dated 5th July 1889, No. 2595-605—65, in connection with the Budgets of the several Municipalities in the District.

No. 5587-8—131, DATED 6TH OCTOBER 1889.

ORDER THEREON.—The variations in the items noted in the margin are stated to be due to the actuals of 1887-88, having included arrears. The estimates are therefore passed.

Number.	Name of Municipality.	Budget Head.	Receipts.	
			Actuals of 1887—88.	Estimates for 1889—90.
1	Chitaldroog ...	II. House tax ...	1,415	1,150
		VII. Mahatarfa ...	890	760
2	Davangere ...	II. House tax ...	1,853	1,200
		VII. Mahatarfa ...	1,378	930
3	Haribar	VII. Do ...	929	870
4	Holalkere ...	VII. Do ...	218	202
5	Hiriyur	II. House tax ...	201	180

2. The Deputy Commissioner states that the decrease of Rs. 73 under Receipts X (*f*) school fees in Davangere is due to the falling off in the number of [illegible] in [illegible] ...

3. The falling off under Receipts X Miscellaneous in Haribar is stated to be due to the contribution for Police being taken at the past year's figure. The estimate of Rs 395 is sanctioned.

4. The receipts for 1889—90 under Octroi in Hiriyur are estimated at Rs. 120 against Rs. 181 the actuals of 1887—88. The President of the Municipality states that the estimate is based upon the actual collections of the first half of 1888—89, which amounted to Rs. 64. The Government observe that though the actuals during the first half of 1887—88 amounted only to Rs. 18, the total collections of the year came to Rs. 181. There is therefore no reason for estimating the receipts of 1889—90 at a less figure. The estimate will be raised to Rs. 180.

5. With reference to the remarks of Government that the closing balances in the several Municipalities were unduly large and that further allotments should be proposed for some works useful to the inhabitants, the President states that the [illegible] available at Chitaldroog, Hiriyur, Hosdurga and Holalkurre [illegible] reserved for special purposes, which are under the consideration of the Boards, and that the sums available in the other Municipalities will be utilized as occasion arises. The Government are not satisfied with the general statement that money will be spent as occasion arises and the President is requested to visit the towns concerned and see that the sums available are utilized as soon as possible.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 16th October 1889.

READ THE FOLLOWING PAPERS:—

Letters from the Deputy Commissioner, Hassan District, dated 13th April and 11th May 1889 Nos. 16 and 73 respectively.

Proceedings of Government in the Education Department, dated 15th March and 20th September 1889, Nos. 120—23 and 85—8 respectively.

No. 5858-69—CIR. 141, DATED 16TH OCTOBER 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Hassan District for 1889—90.

Hassan.

2. The income of this Municipality is estimated at Rs. 5,743 against Rs. 5,393 the actuals of 1887—88 and Rs. 6,025 the estimates for 1888—89.

No.	Receipts.	Actuals of 1887—88.	Estimates for 1888—89.	Estimate for 1889—90.
I	Octroi ...	1,541	2,165	2,290
II	Tax on houses ...	1,963	2,000	2,002
VII	Mohatarfa ...	1,109	1,100	1,098
VIII	Rents ...	...	...	...
IX	Fines ...	...	...	...
X	Miscellaneous, ...	780	760	353
	Total.....	5,393	6,025	5,743

3. Under I Octroi an increase of Rs. 749 over the actuals of 1887—88 is estimated for the current year. The increase is not explained. The collections during the first half of 1888—89 were only Rs., 397, while the collections during the corresponding period of 1887—88 were Rs. 645. There being thus no reason for estimating the increase, the estimate will be reduced to Rs. 1,600.

4. The decrease under X Miscellaneous as chiefly in (*a*) "Sale of houses and lands" and (*n*) "Other items." These are items of uncertain nature and call for no remarks. The estimate is accordingly allowed to stand.

5. It is observed [illegible] Budget under (*m*) "Contributions [illegible] within the municipal limits of the towns [illegible] expenditure for their maintenance. The Deputy Commissioner is requested to state whether there are no Provincial roads within the town limits and if so why no provision was made for them. Similar information should be furnished as regards the other towns of the District for which also no provision was made under the head.

6. The income of the Municipality as now estimated is Rs. 5,053. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 11,015, of which Rs. 7,643 are proposed to be expended, leaving a balance of Rs. 3,342 at the end of the year, which the Deputy Commissioner states has been purposely reserved for the water supply scheme in the town now under contemplation.

No.	Expenditure.	Actuals of 1887—88.	Estimates for 1888—89.	Estimate for 1889—90.

IX	Charitable grants ...	328	240	240
XI	Miscellaneous ...	68	943	30
	Total.....	5,177	7,371	7,643

7. The increase under III Collection is due to the addition of 4 Peons *sanctioned as an experimental measure for one year with a view to prevent the smuggling of articles subject to octroi duty in the town.

*Para 6 of Dewan's Proceedings No. 3010-22-88, dated 27th July 1888.

8. The provision under IV Conservancy, which is the same as that sanctioned for the past year, will be allowed to stand.

6. The estimates finally sanctioned are as follows :—

The Comptroller

19. The new provision of Rs. 1,500 under IX Charitable Grants, which is on account of the construction of a Dispensary building sanctioned in Dewan's Proceedings No. 1872—73, dated 26th November 1888, is approved; but it will be transferred to the proper head VIII Public Works (*h*) "Buildings original."

20. It is noted that the total of the details in the column of actual expenditure for 1887—88 is Rs. 405 and not Rs. 415 as entered in the Budget Statement No. I. The Deputy Commissioner is requested to see that such mistakes do not recur in future.

24. The increase under IV Conservancy of Rs. 50 [illegible] estimate will be [illegible] to the submission of explanation as to the necessity for this charge.

25. The provision of Rs. 500 for the repairs of Taluk Vernacular school will be struck out for reasons given in Proceedings No. 4186-9—440, dated August 1889. The Deputy Commissioner will propose other works in lieu. The closing balance need not be more than 30 per cent of the annual income.

26. Under the heads IX Charitable Grants and X Education, no figures have been entered in the column of actuals of 1887—88, although from the accounts received from the Comptroller Rs. 160 and 243 respectively would appear to have been spent during the year. Such omissions should be guarded against in future.

27. The provision under X Education of Rs. 243 (which is a little more than the double of the estimate under X Miscellaneous (*f*) School fees) does not include the increase of Rs. 10 to the monthly salary of the Head Master, sanctioned in the Government Proceedings Educational Department, No. 120—23, dated 15th March 1889, with effect from 1st April 1889. The Deputy Commissioner is requested to explain this omission.

28. The decrease under XI Miscellaneous is chiefly due to the omission of estimates under (*b*) "Refunds" and (*h*) "Other items," under which Rs. 223 and 35 were respectively spent during 1887—88. The estimate is passed.

9. The small increase under V Police is due to the enhanced provisions made in the current year for the Police uniform and contingencies and will be allowed to stand.

10. The increased provision under VII Lighting is stated to be needed for 7 additional lamp posts proposed to be erected in the town. The provision includes only the cost of lighting and not the cost of lamp posts, for which there is a separate provision of Rs. 350 under VIII Public Works. The estimate is sanctioned, but the Deputy Commissioner is requested to report the number of lamps now existing in the town and the system on which they are lighted, *viz.*, whether under a contract or by municipal agency, and the cost of lighting each lamp.

11. The provision of Rs. 90 under VIII Public Works for the repair of Taluk school will be * struck out and that of Rs. 48 made under the same head for the up-keep of ornamental trees, &c., transferred to the proper head XI Miscellaneous (*h*) "Other items." Likewise the sum provided for lamp posts will be transferred to VII Lighting and the remaining items under VIII Public Works amounting to Rs. 2,650 will be passed.

* For reasons given in Proceedings, dated 28th August 1889, No 4186-9—440.

12. The decrease under IX Charitable Grants is not explained, which should be now done. The estimate however being the same as that sanctioned in the past year will be allowed to stand.

13. No provision is made under XI Miscellaneous for fairs and festivals both in this and other Municipalities. The omission should be explained.

14. It is noted that the total expenditure under actuals of 1887—88 and estimate for 1888—89 is entered as Rs. 5,129 and Rs. 6,458 respectively, while the correct totals of the details entered in the Budget Statement No. I are Rs. 5,177 and Rs. 7,371. Such mistakes should be guarded against in future.

16. The increase under I Octroi is small and does not call for remarks, but that under VII Mohatarfa requires explanation, which should be submitted.

17. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 3,875, of which Rs. 2,115 are proposed to be expended, leaving a balance of Rs. 1,760 at the end of the year. The closing balance should not as a rule be greater than 30 per cent of the annual receipts. It is of the utmost importance that all available sums should be spent on works useful to the inhabitants of the town and the Deputy Commissioner is therefore requested to propose further allotment for works to the extent of Rs. 1,500.

39 The new provision of Rs. 1,000 under X Education is stated to be on account of the contribution to be made by this Municipality towards the Jubilee Students' Home, proposed to be established at Hassan for the benefit of students from Taluks. This is approved, but the item will be transferred to XII "Contributions."

41. The decrease under X Miscellaneous is chiefly in (*g*) "Sale of manure" from which Rs. 20 are expected to be derived against Rs. 87 the actuals of 1887—88. The cause of the decrease has not been explained, but as there are no collections in the first half of 1888—89, while Rs. 53 were realized in the corresponding period of 1887—88, the estimate will not be disturbed.

42. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,188, of which Rs. 1,141 are proposed to be expended, reducing the closing balance to Rs. 47 which, as a rule, should not be less than 25 per cent of the annual receipts. The charges must therefore be reduced. The provision of Rs. 50 for Taluk school repairs will, for reasons stated in Proceedings dated 28th August 1889, No. 4186-9—440, be struck out and that under (*b*) Roads original reduced from Rs. 200 to Rs. 157. The item of Rs. 150 included under VIII Public Works for the improvement of mango tope will be passed and transferred to the proper head XI Miscellaneous (*h*) Other items.

46. The decrease under X Miscellaneous, which is chiefly in (*d*) "Pounds" has not been explained, but looking to the uncertain nature of the item, the estimate will not be disturbed.

47. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 2,350, of which Rs. 1,643 are proposed to be expended. 32. Under X Miscellaneous no estimate has been made under (*f*) "School fees." It is not known when the school sanctioned in Government Proceedings Educational Department, dated 20th September 1889, No. 85—8, was opened, and the Deputy Commissioner is requested to submit a supplemental Budget for its receipts as well as expenditure.

36. The enhanced provision of Rs. 74 under VII Lighting has not been explained. This should be now done. An item of Rs. 170 also appears under VIII Public Works for the purchase of lamp posts and lanterns. The aggregate estimate amounting to Rs. 244 will be passed, subject to the submission of explanation as to the existing number of lamps, the number now proposed to be introduced, and the system on which the lighting is managed by the Municipality; namely, whether by municipal agency or by contract.

37. The provision under VIII Public Works also includes Rs. 100 for mango tope and Rs. 10 for the repair of Taluk school. The latter will be struck out for reasons stated in Proceedings, dated August 1889, No. 4186-9—44, and the former transferred to the proper head XI Miscellaneous (*h*) "Other Items." Deducting these two items and the amount transferred to VII Lighting, the sum which stands under VIII Public Works is Rs. 2,300, which is sanctioned. The Deputy Commissioner is requested to propose further allotment for useful works as there is still a considerable sum available for expenditure. The closing balance need not exceed 30 per cent.

38. Under IX Charitable Grants no expenditure has been shown in the column of actuals for 1887—88, although according to the Comptroller's accounts, Rs. 109 would appear to have been spent during the year. Such omissions should be guarded against in future.

58. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 4,050, of which Rs. 2,803 are proposed to be expended, leaving a balance of Rs 1,247 at the end of the year. As the closing balance should not as a rule be greater than 30 per cent of the annual receipts, the Deputy Commissioner is requested to propose further allotment for works useful to the inhabitants of the town.

60. The current year's provision under VII Lighting which is Rs. 12 more than that of the past year, will be allowed to stand. The existing number of lamps and the system on which they are lighted should be reported.

61. The provision under VIII Public Works amounts to Rs. 2,284 according to Statement No. 1 and to Rs. 2,316 according to the details furnished in Statement No. II. The former includes Rs. 48 on account of (*a*) Supervision, which does not appear in the latter, while the latter contains two other items as per margin without their being shown in the former. Such mistakes should be guarded against in future. The provision of Rs. 50 for Taluk school repairs will, for reasons given in Proceedings, dated August 1889, No. $\frac{41}{140}\frac{86-9}{}$, be struck out, while the item of Rs. 50 shown under Compensation in Statement No. II will now be inserted in the Statement No. I. 55. The Deputy Commissioner again urges the necessity for the imposition of octroi duty (which the Government declined to sanction in Proceedings No. $\frac{3010-22}{56}$, dated 27th July 1888) at least on two articles, *viz.*, piece goods and sheep and oxen slaughtered in the town and requests that license fees on arrack shops and the entire Mohatarfa revenue for the next five years may be given over to the Municipality. 57. The decrease of Rs. 289 under X Miscellaneous is chiefly in (*h*) other items, under which Rs. 25 are estimated against Rs. 336 the actuals of 1887—88. Probably some special items of revenue were realized during 1887—88, which should have been explained. The estimate will stand.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 16th October 1889.

74. The large increase under IV Conservancy is due to the marginally noted additions consisting of 1 peon and 3 sweepers, besides the hire of a cart. It is * reported that a peon, for whom provision is made in the Budget, has, in anticipation of sanction, been employed, as his services were very much needed for the supervision of scavengering works. The provision for the proposed peon is sanctioned. The Government observe that the expenditure estimated under Conservancy is 54 per cent of the estimated receipts and enquire whether the provision for the additional sweepers proposed may not be disallowed. 75. No provision appears under VII Lighting, although Rs. 60 were sanctioned in the past year on account of oil, &c. The omission should be explained.

76. The provision under VIII Public Works includes an item of Rs. 50 on account of repairs to Taluk Vernacular school. This will be struck out for reasons given in Proceedings No. $\frac{4186-9}{140}$, dated 28th August 1889.

77. No figures have been entered under IX Charitable Grants in the column of actuals for 1887—88, although Rs. 42 appear to have been expended during the year according to the Comptroller's accounts. Such mistakes should be avoided in future.

78. Under X Education a new provision of Rs. 100 is made for the maintenance of an English school proposed to be established in the town. Pending sanction to the Deputy Commissioner's proposals in the Education Department, the provision will be retained. Rs. 500 are provided on account of Municipal contribution towards the Jubilee Student's H[illegible] but the item will be transferred to XII Contingencies.

79. The decrease under XI Miscellaneous is not explained. It is probably due to some special charges incurred in 1887—88. The estimate is passed.

80. In the Budgets now submitted, the variations between the estimates and actuals have not been explained and there have been several omissions of entries under actuals. The Deputy Commissioner is requested to see that in future the Budget Estimates are carefully prepared and that each variation between the estimate and the previous year's estimate and actuals is fully explained in the column of remarks.

81. With the foregoing remarks, the Budget Estimates of the ten Municipalities in the Hassan District are sanctioned as per details given in the accompanying appendices A, B and C.

The closing balance ought not as a rule be greater than 30 per cent of the receipts. It is of the utmost importance that all available sums must be spent upon useful works so that the inhabitants may see and realize the benefit of the taxes they pay. The Deputy Commissioner is therefore requested to propose further allotment for works.

67. The increased estimate under IV Conservancy is the same as that sanctioned for 1888—89 and is accordingly allowed to stand.

68. The provision of Rs. 120 under VII Lighting is said to be needed for the pay of lamp lighter at Rs. 5 per mensem and oil, wick, &c. This is sanctioned. The number of the lamp posts in the town should be reported.

69. No figures have been entered in the column of actuals for 1887—88 under the items IX and X, although Rs. 67 and 308 are shown to have been respectively expended during the year according to the Comptroller's accounts. The provision under IX Charitable Grants will, in accordance with the scale sanctioned in the District Fund Budget for 1889—90, be raised from Rs. 100 to Rs. 108. In addition to the usual charge under Education, a sum of Rs. 500 is entered on account of contribution to be made by the Municipality towards the Jubilee Students' Home now under construction in the Town of Hassan. This is approved, but the item will be transferred to the head XII Contributions.

70. The provision of Rs. 50 made under VIII Public Works on account of repairs to the Taluk school will be struck out for reasons given in Proceedings No. $\frac{41\,86-9}{140-9}$, dated 28th August 1889.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),— dated 8th December 1889.

No. 6861-70—157, DATED 8TH DECEMBER 1889.

OFFICIAL MEMORANDUM.

The Government notice several irregularities in the preparation and submission of the Budget Statements for the municipalities. As will be seen from the marginal statement, they are not sent in time, the variations between the actuals of the past years and the estimates are not properly explained, the figures under actuals do not often tally with those in the accounts of the Comptroller, the opening balances are in some cases not exhibited, the totals of Statements Nos. I and III do not sometimes correspond with each other and the totals of the several columns are not carefully made. This causes needless delay in passing the budgets and leads to unnecessary correspondence. The Deputy Commissioners are therefore requested to observe the following instructions in the preparation and submission of their budgets in future :—

BUDGETS.	WHEN RECEIVED.		
Bangalore City	14	3	89
	25	5	89
Mysore City	10	5	89
Bangalore District	17	4	89
	26	7	89
Kolar do	18	3	89
	31	5	89
Tumkur do	17	6	89
Mysore do	6	11	89
Hassan do	17	4	89
	13	5	89
Shimoga do	26	3	89
Kadur do	25	2	89
	7	3	89
Chitaldroog do	2	3	89
	22	6	89
French Rocks	3	8	89
	22	11	89

I. The difference between the actuals entered in column 3 of Statement No. I and the estimate for the year for which the budget is submitted, should invariably be explained. The columns under actuals need not show fractions of a rupee. All fractions below 8 annas may be omitted, the rest being taken as a rupee.

II. Column 4 of Statement No. I should be made to show the actuals of the 1st half of the current year and [illegible] disbursements in the second half of the same year [illegible] the actuals of the current year are likely to fall short of [illegible] the estimate of the year. Ordinarily, the actuals of the second half of the previous year may be taken as the probable collections during the second half of the current year, unless there are special grounds for not doing so.

III. When money once shown in the accounts as disbursements happen to be re-credited in the accounts within the year in which the money has been drawn, such sums should not be shown as receipts, but adjusted by a minus entry under the head to which it had been originally debited. But if the recovery takes place in the following year, it should be shown as receipts under X Miscellaneous (*n*) "other items."

IV. The details of "other items" under receipts X Miscellaneous should always be given in the column of remarks.

V. The details of establishments and also of all other charges shown in Statement No. I, excepting those falling under (*b*) to (*o*) VIII Public Works should be given in Statement No. III and the totals given therein must correspond with the lump sums given in Statement No. I. The details of the charges of Public Works under VIII (*b*) to (*o*) will appear in Statement No. II and the cost of establishment under VIII Public Works (*a*) Supervision establishment will appear in Statement No. III.

VI. All expenditure incurred under VII Lighting including the cost of new lamp posts to be purchased and fixed should be shown under that head and not under VIII Public Works or under IV Conservancy.

VII. The estimates for all works requiring the sanction of Government should as far as possible be submitted to Government before they are shown in the budget

and the dates of sanction referred to in the column of remarks of Statement No II. If any works, for which estimates have not been previously sanctioned, have to be entered in the budget, the same should be stated in the column of remarks and no expenditure should be incurred till the estimate is duly submitted and sanctioned. Likewise, no work sanctioned should be carried out, before a provision for the same is made in the budget and sanction obtained.

VIII. No establishment should be entertained or increase to the salaries of the existing establishments allowed without the sanction of Government and due sanction and provision in the budget.

IX. The closing balance should not be allowed to fall below 25 per cent of the annual receipts or exceed 30 per cent. Every endeavour should be made to spend all money available for expenditure on some works useful to the inhabitants, unless the accumulation of the balance is necessary to carry out any big project. In the latter case, the purpose for which money is required to accumulate should be stated.

X. The budgets should be so prepared and submitted as to reach the Government office between the 15th and 30th January of each year.

Printed forms of Statements I and III showing the modifications now made in the headings are herewith forwarded.

C. MADIAH,
Under-Secretary.

To—The Deputy Commissioners of Districts and Presidents of Bangalore and Mysore Cities.

Docket from the Deputy Commissioner, Mysore District, dated 4th November 1889, No. A.
Proceedings of Government in the Education Department, dated 13th August 1889, No. 623.

No. 7057-68—CIR. 160, DATED 2ND DECEMBER 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the marginally noted Municipalities of the Mysore District Proper for the year 1889—90.

2. The income of this Municipality estimated for 1889—90 is Rs. 2,301 against Rs. 1,930 the actuals of 1887—88.

Items.	Receipts.	Actuals of 1887—88.	Actuals of 1888—89.	Estimates for 1889—90.
I	Octroi	402	438	545
II	Tax on houses ...	481	489	400
VII	Mohatarfa ...	500	607	527
IX	Fines ...	...	...	10
X	Miscellaneous ...	547	864	819
	Total.....	1,930	2,398	2,301

3. There is nothing to justify the increase estimated under I Octroi. The actuals for 1888—89 were only Rs. 438. The estimate will therefore be reduced to Rs. 430.

4. The decrease under II Tax on houses has not been explained. The omission should be supplied.

5. The decrease under VII Mohatarfa is small and does not call for remark.

6. The increase under X Miscellaneous is supported by the actuals of 1888—89 as shown in the margin. The estimate is sanctioned.

	Items of X Miscellaneous.	Actuals of 1887—88.	Actuals of 1888—89.	Estimate for 1889—90.
a	Sale of houses and lands ...	...	7	30
d	Pounds ...	266	312	300
f	School fees ...	221	231	240
g	Sale of manure ...	...	269	150
j	Do smuggled goods	...	12	5
l	Notice and Warrant fees	1	32	30
m	Other items ...	59	...	64
	Total....	547	863	819

7. The income as now estimated amounts to Rs. 2,186. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 8,452, of which Rs. 5,088 are proposed to be expended, leaving a balance of Rs. 3,364 at the end of the year.

Items.	Expenditure.	Actuals of 1887—88.	Actuals of 1888—89.	Estimate for 1889—90.
II	Head Office ...	96	96	96
III	Collection ...	...	...	28
IV	Conservancy ...	899	1,341	1,794
VII	Lighting ...	...	...	30
VIII	Public Works ...	100	255	2,100
IX	Charitable Grants ...	...	...	150
X	Education ...	...	...	490
XI	Miscellaneous ...	...	...	400
	Total.. ...	1,095	1,692	5,088

8. The provision of Rs. 28 under III Collection made for the 5 per cent commission payable to the Agency collecting octroi duty in the town is passed, but the Deputy Commissioner is requested to explain why no expenditure was incurred under this head during the past 2 years and how the charge has now become necessary.

9. The increase under IV Conservancy is stated to be due partly to the increase of the establishment sanctioned in 1889—90 and to the addition of a Toti on Rs. 7 and of a cart hired at Rs. 15 per mensem. The estimate also includes a provision of Rs. 252 on account of the adjustment of charges incurred during the past year but not paid within that year. The proposed addition of a cart and Toti will be sanctioned and the estimate allowed to stand, but the Deputy Commissioner is requested to state the circumstances under which it became necessary to meet the charges of the year 1888—89 from the funds to be allotted for 1889—90 and also to submit a statement showing [illegible] for 1888—89 and those actually incurred during [illegible] not within the year.

10. Under VII Lighting a sum of Rs. 30 is newly provided in this Budget. This together with Rs. 100 entered under VIII Public Works for the purchase of lamp posts amounts to Rs. 130. The estimate is sanctioned.

11. The provision under VIII Public Works includes Rs. 50 for the repair of Taluk Vernacular school in the town. This will be struck out for reasons given in Proceedings. dated 28th August 1889, No. 4186-9—440. Deducting this sum and the amount transferred to VII Lighting, the sum which will stand under VIII Public Works is Rs. 1,950, which is sanctioned.

2	Construction of a new Market ...	500
3	Do dust-bins ..	600
4	Do latrine ...	250
5	Repairing bathing ghats ...	100
	Total	1,950

12. Under IX Charitable Grants and X Education, no expenditure is shown in the columns of actuals. Such omission should be guarded against in future. Under the former Rs. 50 are estimated over and above the sanctioned estimate for 1888-89 The necessity for this should be explained. Under the latter Rs. 490 are provided against Rs. 306 the sanctioned estimate for 1888—89. Details for this increase have not been furnished. The omission should be now supplied.

13. The new provision under XI Miscellaneous consists of Rs. 50 for rewards to dog and snake killers and (*b*) other items The estimate will be sanctioned, but details for the latter should be furnished.

14. It is observed that the total of actual income and expenditure for 1887—88 as per details entered in the Budget Statement No. I is respectively Rs. 1,930 and 1,095 and not Rs. 930 and 1,420 as therein entered. Such mistakes should be guarded against in future.

15. The Government observe that no estimates have been entered on the side of receipts on account of contribution payable by the Public Works Department towards the mileage allotment for Provincial roads within the Municipal limits of the town nor has any provision been made for their maintenance on the side of expenditure. The Deputy Commissioner is requested to state whether there are no such roads within the Municipal limits of the town and if so why no estimates have been entered on their account. Similar information should also be furnished as regards the other Municipalities for which also no provision appears.

Chamrajnagar.

16. The income of this Municipality is estimated at Rs. 709 against Rs. 655 the actuals of 1887—88 and Rs. 504 the actuals of 1888—89.

Items.	Receipts.	Actuals of 1887—88.	Actuals of 1888—89.	Estimate for 1889—90.
II	Tax on houses ...	232	193	250

IX	Fines ...	...	1	2
X	Miscellaneous ...	61	56	79
	Total.....	655	504	709

The actuals of 1888—89 under II Tax on houses was only Rs. 193 and it is not explained how Rs. 250 are expected to be realized in 1889—90. The estimate will be reduced to Rs. 237, which is the average of the collections of the past 2 years.

17. The actual collection under [illegible] was only Rs. 254. No explanation is given for the increase and the estimate will be reduced to Rs. 283.

18. The receipts as now estimated amounts to Rs. 601. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 5,069, of which Rs. 4,411 are proposed to be expended, leaving a balance of Rs. 748 at the end of the year.

IX	Charitable grants ...	...	...	214
XI	Miscellaneous ...	20	...	60
	Total.....	531	373	4,411

19. The provision under II Head Office includes an item of Rs. 5 due for the past year but paid during the current year. Hence increase under the head, which is sanctioned.

20. The increase under IV Conservancy is due partly to the increased establishment sanctioned in 1888—89, to the proposed addition of a cart at Rs. 12 per mensem and to the entertainment of a Mashalchi or Lamp lighter at Rs. 4 per mensem, besides Rs. 20 provided to meet the pay of sweepers for March 1889 said to have been paid subsequent to April 1889. The proposed entertainment of a Lamp lighter and the addition of a cart will be sanctioned, but the cost of the former will be transferred to the proper head VII Lighting. Deducting this sum, the amount which will stand under IV Conservancy will be Rs. 404.

21. The new provision under VII Lighting consisting of Rs. 100 for the purchase of lamp posts and lanterns and Rs. 60 for oil together with Rs. 48 and Rs. 100 respectively transferred from IV Conservancy and VIII Public Works amounting in all to Rs. 308 will be passed. The number of lamp posts for which the above provision is made should be stated.

22. The provision under VIII Public Works includes Rs. 25 and 100 respectively for the repairs of Taluk Vernacular school in the town and for the purchase of lanterns, &c. The former will be struck out for reasons given in para 11 *supra* and the latter transferred to the proper head VII Lighting. Excluding these two items, the allotment under this head amounts to Rs. 3,363, which will be sanctioned. The Government observe that there is still a large balance available for expenditure and they are anxious to see that money available is spent on useful works as early as possible. The Deputy Commissioner is requested to pay particular attention to the matter and to see that in submitting the next year's Budget, provision is made for all the money available for expenditure both in this and all other Municipalities. The closing balance need not be more than 30 per cent of the annual receipts, unless money is required to be reserved for any special purpose, which should be stated.

5	Construction of cattle pound ...	135
6	Do dust-bins	40
7	Cost of constructing Dispensary building	1,293
	Total	3,363

23. Under IX Charitable Grants, the provision made for the Local Fund Dispensary located in the town and for the pay of Midwife sanctioned for the town is in accordance with the scale fixed in Government Proceedings, dated 10th June 1889, No. 1877-88—44 and is accordingly allowed to stand.

24. The provision under XI Miscellaneous will also be passed subject to the submission of details for the lump sum of Rs. 50 entered under (*h*) other items.

Valuation.

25. The income of this Municipality for 1889—90 is estimated at Rs. 379 against Rs. 493 the actuals of 1887—88 and Rs. 536 the actuals of 1888—89.

Items.	Receipts.	Actuals of 1887—88.	Actuals of 1888—89.	Estimate for 1889—90.

VII	Mohatarfa ...	263	212	155
X	Miscellaneous ...	43	63	54
	Total.....	493	536	379

26. The decrease under II Tax on houses and VII Mohatarfa has not been explained. The omission should be supplied. The Government note that the actuals of 1888—89 were considerably more than the estimate being Rs. 261 under II Tax on houses and Rs. 212 under VII Mohatarfa.

27. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 3,026, of which Rs. 1,507 are proposed to be expended, leaving a balance of Rs. 1,519 at the end of the year.

	Total.....	238	263	1,507

28. The increase under II Head Office is due to the payment of Rs. 4 on account of charges incurred but not paid within 1888—89, and that under IV Conservancy is due partly to the increase of establishment sanctioned in 1888—89 and partly to the provision made for meeting certain charges (Rs. 30) incurred in 1888—89 but not paid within that year. The provision will be allowed to stand.

29. The allotment of Rs. *1,125 under VIII Public Works against Rs. 108 the actuals of 1887—88 is passed.

30. The provision of Rs. 112 under IX Charitable Grants which is in accordance with the scale sanctioned in Proceedings of 10th June 1889, No. 1877-88—44, is passed.

Heggaddevankote.

31. The income of this Municipality for 1889—90 is estimated at Rs. 393 against Rs. 164 the actuals of 1887-88 and Rs. 216 the actuals of 1888—89.

Items.	Receipts.	Actuals of 1887—88.	Actuals of 1888—89.	Estimate for 1889—90.

	Total.....	164	216	393

32. The Municipality was constituted during 1887—88 and no income appears to have been realized in that year under the items II and X. Hence the large difference between the actuals of 1887—88 and the estimate for 1889—90. The estimate under II Tax on houses is the same as the collection of 1888—89 was, but under VII Mohatarfa, the estimate for 1889—90 is Rs. 128, while the actual collections of 1888-89 were only Rs. 85. The cause of the increase in the estimate is not explained and the estimate will therefore be

	Total.....	55	190

The particulars of (*n*) other items are not given, but the estimate will not be disturbed pending explanation, which should be furnished.

34. The estimate of receipts as now sanctioned amounts to Rs. 365. Adding to this, the opening balance, the sum available for expenditure during 1889-90 is Rs. 446, of which Rs. 435 are proposed to be expended, leaving a balance of only Rs. 11 at the end of the year, which is much less than 25 per cent of the annual receipts. The proposed charges must therefore be reduced.

35. The cost of the establishment under IV Conservancy according to the sanctioned scale is Rs. 96, but the Board have added Rs. 20 for the purchase of a wheel barrow and Rs. 24 for the payment of charges incurred under sanction in 1888—89 but not paid within that year. The estimate is sanctioned.

36. The estimate under VIII Public Works is—

Rs. 150 for Roads, original.
Do 50 for Drain, repairs.
Do 75 for the construction of a Cattle Pound.

Total Rs. 275

The provision made for Roads, original, will be struck out, as the income estimated for 1889—90 is uncertain and there is very little closing balance left. The other items are sanctioned.

Sargur.

37. The income of this Municipality is estimated at Rs. 236 against Rs. 302 the actuals of 1887—88 and Rs. 153 the actuals of 1888—89.

38 The variations between the actuals and the estimate are not explained, but the estimate being nearly equal to the average of the actuals of the 2 years, it will not be disturbed.

39. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,899, of which Rs. 326 only are proposed to be expended, leaving the large balance of Rs. 1,573 at the end of the year.

	Total.....	154	61	326

40. The increase in II Head Office is due to the sanctioned charges of 1888-89 incurred in that year having been paid during the current year.

41. The sanctioned cost of the establishment under Conservancy is Rs. 96. An addition of Rs. 16 for a wheel barrow and of Rs. 16 for the payment of sanctioned charges incurred in 1888—89 but not paid in that year, is proposed. The estimate will be sanctioned, but the Deputy Commissioner is requested to explain why charges incurred in 1888—89 have not been paid in that year in this and several other Municipalities.

42. The provision of Rs. 150 on account of repairs to roads is sanctioned.

43. The provision under X Miscellaneous consists of Rs. 10 for rewards to g and snake killers, and Rs. 18 for other items. This is also sanctioned.

Gundlupet.

44. The income of this Municipality for 1889—90 is estimated at Rs. 1,109 (and not Rs. 1,139 as entered in the Budget Statement No. I) against Rs. 1,076 the actuals of 1887—88 and Rs. 1,259 the actuals of 1888—89. The estimates are fair and call for no remark.

45. Including the opening balance the sum available for expenditure during 1889—90 is Rs. 9,176, of which only Rs. 2,073 are proposed to be expended, leaving the large balance of Rs. 7,103 at the end of the year.

X	Education ...	...	...	216
XI	Miscellaneous ...	...	...	60
	Total.....	506	346	2,073

46. The increase under II Head Office is due to the provision made for the payment of charges incurred in 1888—89 but not paid in that year. The estimate is sanctioned.

47. The increase under IV Conservancy is due to the provision made for an additional sweeper at Rs. 5 per mensem, for the hire of a cart at Rs. 20 per mensem and for the payment of Rs. 16 on account of the charges incurred in the past year but not paid within that year. The estimate will be sanctioned, but the Government note that the rate of Rs. 20 per mensem for the hire of a cart is excessive and the Deputy Commissioner is requested to endeavour to reduce the charge.

48. The estimate of Rs.* 1,115 under VIII Public Works includes Rs. 50 for the repairs of the Taluk Vernacular school. This will be struck out for reasons given in para 11 *Supra* and the balance of Rs. 1,065 under the head will be passed.

52. The increase under II Tax on houses and VII Mohatarfa has not been explained. The estimates will be reduced to Rs. 500 and Rs. 550 respectively.

53. The increase under X Miscellaneous is mainly due to an estimate of Rs. 200 expected to be derived from (*a*) Sale of houses and lands The estimate is sanctioned, but the Deputy Commissioner is requested to explain the item of Rs 200 estimated under (*k*) Amarayi and state why it is not shown under VIII Rents (*b*) Gardens.

54. The income of the Municipality as now estimated is Rs. 2,615. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs. 16,583, of which only Rs. 3,716, (and not Rs. 3,512 as shown in the Budget Statement No 1) are proposed to be expended during the year, leaving the large balance of Rs 12,867 at the end of the year.

55. The provision under II Head Office includes Rs. 15 on account of charges incurred in 1888—89 but not paid in that year. The estimate is sanctioned.

56. The provision under III Collection is according to the scale sanctioned in 1888—89 and will therefore be allowed to stand.

57. The item IV Conservancy includes Rs. 201 for the purchase of lamp posts and Rs. 36 for a lamp lighter proposed to be entertained. This amount of Rs. 237 will be transferred to the proper head VII Lighting. Deducting this sum, the allotment proposed is Rs. 774, consisting of Rs. 480 for establishments, Rs 264 for hiring 2 carts and Rs. 30 for the purchase of tools. This is sanctioned.

58. The provision under VII Lighting newly made in the Budget is Rs. 60 Adding to this the sum of Rs. 237 transferred from IV Conservancy, and Rs. 120 transferred from VIII Public Works, the allotment under the head amounts to Rs. 417, which is sanctioned, subject to the submission of information as to the number of lamp posts and lanterns proposed to be purchased and used during the year.

59. The provision of Rs. 1,882 under VIII Public Works includes Rs. 120 for fixing lamp posts. This amount will be transferred to VII Lighting and the remaining amount sanctioned.

66. The Deputy Commissioner is requested to submit the budget estimates for the newly constituted Municipality of Sosale in the Tirumakudlu-Narsipur Taluk and to nominate Members of the Board as early as possible.

67. The budget statments of the Municipalities have been received after the expiration of more than 7 months of the year, to which the budgets refer, and the statements contain several inaccuracies and the information furnished is defective. This is very unsatisfactory and the Deputy Commissioner is requested to see that in future the budgets are more carefully prepared and sent to this office with complete information under all heads and explanation in regard to the variations between the estimates and actuals, at least 3 months before the commencement of the official year to which the budgets relate.

68. With the foreging remarks, the budgets under review are sanctioned as per details given in the accompanying Appendices A, B and C.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 13th December 1889.

READ THE FOLLOWING PAPER :—

Letter from the Deputy Commissioner, Kadur District, dated 31st October 1889, No. 380, submitting the explanation called for in Government Proceedings, dated 13th July 1889, No. 2877-89—Cir. 75, in connection with the budget estimates of the several Municipalities of the District for the year 1889—90.

No. 7300-9—CIR. 169, DATED 13TH DECEMBER 1889.

ORDER THEREON.—Under the circumstances explained, the reduction made under Betel-leaves will be cancelled and the estimates under Receipts, Octroi, raised to Rs. 6,550.

Para 4 of the Deputy Commissioner's letter.

2. Under the explanation given, the estimate of charges under III Collection is sanctioned.

Para 5.

3. The Government are glad to find that the Board have decided to spend the money provided for Town Hall on the improvement of water supply. The provision of Rs. 1,000 for Town Hall will accordingly be struck out. The Deputy Commissioner will of course report on the project of water supply separately.

Para 6.

4. As recommended by the Deputy Commissioner, a sum of Rs. 100 will newly be entered under the head "Fairs and Festivals" in the current year's budget.

Para 7.

5. The Deputy Commissioner states that the rent of gardens, Rs. 82—11—3, have been shown under the head of "Other items," X Miscellaneous; but the total estimate under Other items X Miscellaneous is only Rs. 60. The explanation is not therefore intillegible. In future, all receipts from [illegible] shown under VIII Rents, (*b*) Gardens.

Para 9.

Birur.

6. The provision of Rs. 120 under VIII Public Works for the payment of allowance to Sub-Overseer in charge of Tanks will be retained, but the amount should not be spent without the sanction of Government being obtained for the same.

Para 12.

Kadur.

7. The Government have no objection to the proposal of the Deputy Commissioner to retain the available balance till it amounts to a sufficient sum to justify an application being made to Government for a grant-in-aid to enable the Municipality to improve the water supply of the town.

Para 16.

8. Under the circumstances explained, the employment of the gardener and of the Honda Guard is sanctioned. It is not known whether there are any receipts from the gardens. If there are any, they must in future be shown under VIII Rents, (*b*) Gardens.

Paras 17 and 18.

Sringeri.

9. The exemption of betel-leaves from Octroi duty without the sanction of Government was wrong. The Government are not however disposed to order its re-imposition. The tax on sheep and goats may be abolished as recommended by the Deputy Commissioner with effect from 1st April 1890. The explanation in regard to the decrease in the estimate under II Tax on Houses and the variations under VII Mohatarfa is accepted.

Paras 21, 22, 23 & 24.

10. The Matt is only entitled to a moiety of Octroi collections on sayer articles, *viz.* coccanuts, betel-leaves and tobacco. The duty collected on other articles such as sugar, jaggory, &c., should wholly go to the Municipality, as it is a tax imposed for Municipal purposes and not a substitute for sayer duty formerly collected by the Matt. The contribution payable to the Matt will therefore be reduced from Rs. 970 to Rs. 492½.

11. Under the circumstances stated, the Government sanction the allowance proposed to the Gumasta.

Para 26.

12. The Deputy Commissioner states that the mileage allotment for Provincial roads is allowed by the Public Works Department only for Chikmagalur Municipality and not for the rest. The Chief Engineer will be requested to state why the maintenance allowance on account of Provincial roads within the several Municipalities is not placed at the disposal of the Municipal Boards.

Para 28.

13. The other paras of the Deputy Commissioner's letter do not call for remark.

14. The Budgets for [illegible] as noted below:—

ORDER THEREON.—In 1888 the Senior Surgeon recommended the grant of charge allowance to Hospital Assistants in charge of Local Fund Dispensaries and also to those attached to the Deputy Commissioners Establishments, Asylums and Medical Stores. The Deputy Commissioners [illegible] generally in favour of the proposal.

2. The question of granting the allowance to Hospital Assistants attached to the Deputy Commissioners Establishments, Asylums and Medical Stores will be considered separately,

3. The rates of allowance proposed to Hospital Assistants in charge of Local Fund Dispensaries are Rs. 20, 15 and 10 per mensem. The Dispensaries falling under each of the above rates are shown bellow :—

C. MADIAH,
for Chief Secretary.

To—The Deputy Commissioners of Districts,
The Comptroller,
The Senior Surgeon.
The Secretary, Public Works Department, for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 27th December 1889.

READ THE FOLLOWING PAPERS :—

Docket from the Deputy Commissioner, Mysore District, dated 31st July 1889, No. 333.

(2) Do do dated 20th November 1889, No. 624.

No. 7487-99—172, DATED 27TH DECEMBER 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for the year 1889—90.

Seringapatam.

2. The income of this Municipality is estimated for the current year at Rs. 9,579 against Rs. 10,121, the actuals of 1887-88.

Items.	Receipts.	Actuals of 1887—88.	Estimate for 1889—90.
I	Octroi	3,224	3,302
II	Tax on houses ..	2,490	2,400
VII	Mohatarfa ...	2,519	2,620
IX	Fines. ...	...	2
X	Miscellaneous ...	1,884	1,255
	Total.....	10,121	

3. The increase under I Octroi is not explained. There is nothing to justify the increase. The actuals of the first half of the year 1888—89 show a decrease when compared with those of the corresponding period of 1887—88. The estimate will therefore be reduced to Rs. 3,200.

4. The decrease under II Tax on houses [illegible] the falling off in the [illegible] for half of 1888—89. The estimate is approved.

5. The increase estimated under VII Mohatarfa is small and calls for no remark.

6. The decrease under X Miscellaneous is due to the gross decrease of Rs. 828 in (*d*) Pounds and (*n*) Other items and to the gross increase of Rs. 199 in (*a*) Sale of houses, &c., (*f*) School fees, (*g*) Sale of manure and (*k*) Amarayi. The variations in the estimates under (*a*), (*f*), (*k*) and (*n*) are justified by the actuals of the first half of the year 1888—89 compared with those of the corresponding period of 1887—88 and the item (*d*) Pounds is an item of uncertain nature and the estimates under these heads will accordingly be retained. But the estimate of Rs. 75 under (*g*) Sale of manure, under which Rs. 99 are shown to have been realized in the first half of 1888—89 against Rs. 9 in the corresponding period of 1887—88, is too small and requires explanation. The Government also note that while the actuals under (*g*) Sale of manure for the full year 1887—88 are entered as Rs. 6—6—8 only a sum of Rs. 9—6—8 is shown as having been realized in the first six months of the same year. This discrepancy should also be explained.

7. No estimates are entered on the side of receipts on account of the mileage allotment payable by the Public Works Department for the maintenance of Provincial roads within the municipal limits of the town and the Deputy Commissioner is requested to state if there are no such roads within the Municipality and if so why no estimate has been entered on their account. This information should also be furnished as regards the other Municipalities in the District, in which no estimates have been entered under (*n*) Contributions X Miscellaneous.

8. The income as now estimated amounts to Rs. 9,477. Adding to this the opening balance, the sum available for expenditure during 1889—90 is Rs 18,178, of which Rs. 13,182 are proposed to be expended, leaving a balance of Rs. 4,996 at the end of the year

Items.	Expenditure.	Actuals of 1887—88.	Estimate for 1889—90.
II	Head office ...	431	456
III	Collection ...	943	1,032
IV	Conservancy ...	2,031	2,748
V	Police ..	2,616	2 616
VII	Lighting ...	317	350
VIII	Public Works ...	1,414	4,150
IX	Charitable Grants ..	...	220
X	Education ..	336	1,080
XI	Miscellaneous ...	391	530
	Total	8,471	13,182

9. The provisions made under II Head office and III Collection are in accordance with the scale sanctioned for 1888—89 and are therefore allowed to stand.

10. The increase under IV Conservancy is due to the provision made in the current year for the hire of 2 conservancy carts at Rs. 15 each per mensem. This is passed and the estimate of Rs. 2,748 retained.

11. The provisions under V Police and VII Lighting being the same as those sanctioned for 1888—89 are approved, but the President will be requested to state the number of lamps now existing and whether they are lighted by Municipal agency or by contract. This information should also be furnished in regard to other towns where the details have not been given.

12. The proposed expenditure of Rs. *4,150 under VIII Public Works Department includes an item of Rs. 50 for repairing the Taluk Vernacular school in the Town. This will be struck out for reasons given in Government Proceedings, dated 28th August 1889, No. 11869-410 of the remainder sanctioned. Considering the large balance still available for expenditure, the Government are anxious to see that the same is expended as early as possible on works useful to the inhabitants of the town. The Deputy Commissioner is therefore requested to see that, in framing the next year's budget, provision is duly made for useful works out of the available funds both in this and other Municipalities. The closing balance need not in any case be more than 30 per cent of the annual receipts unless money is required to be reserved for special purposes, which should be stated.

(1)	Rs.

Repairing Vernacular school ...	50
Reserve for unforeseen expenditure ...	200
Total	*4,150

13. The provisions under IX and X are the same as those sanctioned for 1888—89, but the Government observe that the latter item includes Rs. 36 over and above the actual requirements for schools, for which the Deputy Commissioner promises to submit, as in the past year, separate proposals, which should be submitted at an early date. Meanwhile the estimate will be allowed to stand.

14. The increase under XI Miscellaneous is in (*h*) Other items, under which Rs. 500 are estimated against Rs. 300 sanctioned for the past year. The necessity for this increase has not been explained. This should be now done and the details of the total sum estimated should be furnished.

15. No provision is made in the budget for fairs and festivals. The omission should be explained as regards this and other Municipalities for which no estimates have been entered for the current year.

Melkote.

16. The income of this Municipality estimated for 1889—90 is Rs. 670 against Rs. 571, (which is the correct total according to the details and not Rs. 589 as entered in the Budget Statement No. 1), the actuals of 1887—88.

17. The increase under II Tax on houses and VII Mohatarfa has not been explained. The omission should be supplied.

18. A sum of Rs. 41 is shown under VIII Rents (*c*) Lands in the column of actuals for 1887—88 in Statement No 1. The source from which the sum was realized in that year and the cause of the omission of an estimate ler that head for 1889—90 should now be explained.

19. The increase in X Miscellaneous which is in (*d*) Pounds and (*g*) Sale of nure is supported by the increased actuals of the first half of 1888—89, when npared with those of the corresponding period of 1887—88. The estimate will retained.

20. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 6,287, of which Rs. 1,257 are proposed to be expended, leaving a balance of Rs. 5,030 at the end of the year.

63. The increase under II Tax on houses is small and calls for no remark.

64 The estimate of Rs. 10 newly entered under VII License receipts (*a*) Liquor shops is not explained Except in the Municipalities of Bangalore and Mysore, which are governed by a special enactment, no other town in the Province now enjoys revenue from liquor shops. The Deputy Commissioner is therefore requested to state the source from which income is expected under this head.

65. The other items call for no remark.

66. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,262, of which Rs. 649 are proposed to be expended, leaving a balance of Rs. 613 at the end of the year.

67. The estimate under item II is the same as that sanctioned for 1888—89 and is passed.

73. The increase under II Tax on houses is not explained. The omission should be supplied.

74. The increase under VII Mohatarfa is small and calls for no remark.

75. The increase under X Miscellaneous is mainly due to the new estimate under (*a*)

Sale of building sites, &c. The provision will be retained. The Government observe that a sum of Rs. 10 is shown as having been realized during the first half of 1888—89 under (*h*) Scavengering fees. The Deputy Commissioner is requested to state the source from, and the authority under, which the sum was realized during the period.

77. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 3,690, of which Rs. 1,907 are proposed to be expended, leaving a balance of Rs. 1,783 at the end of the year.
